Note that the schedule above represents net tax and non-tax collections and not gross collections. Tax revenues are presented net of refunds to taxpayers and various distributions to state and local entities based on legislation. A negative appropriation expenditure indicates that a budget code has actual receipts that exceed actual expenditures.

The schedule above presents monthly and year-to-date General Fund operations for the current and prior fiscal years as well as the annual budget and percent of budget realized or expended.

For fiscal year 2021, when compared to the prior year through August 31, actual net tax and non-tax revenues increased by \$1.3 billion, or 34.9%. Tax revenues through August 2020 increased by \$1.3 billion, or 36.5%, and non-tax revenues decreased by \$23.6 million, or 25.9%.

Individual and corporate income taxes as well as franchise tax showed a large increase in relation to the prior fiscal year due to the extension of the filing date as part of the state's response to the COVID-19 pandemic. NC Department of Revenue extended the time to file tax returns and make estimated payments that were due between April 15, 2020 and August 14, 2020 to August 15, 2020 to mirror the extension of the federal tax deadline.

Revenues and expenditures never occur evenly over the course of the fiscal year.
