### STATE OF

# NORTH CAROLINA

# SUMMARY OF FINANCIAL CONDITION AUGUST 31, 1999

OFFICE OF THE STATE CONTROLLER
OFFICE OF STATE BUDGET AND MANAGEMENT
DEPARTMENT OF REVENUE

## STATE OF NORTH CAROLINA

The Honorable James B. Hunt, Jr. Governor of the State of North Carolina

November 2, 1999

We herewith submit the <u>Summary of Financial Condition</u> for the State of North Carolina for the second month ended August 31, 1999. The financial information within this report is designed to present the results of financial operations under the budgetary basis of accounting at a summary level.

The <u>Summary of Financial Condition</u> is intended to provide specific analysis of revenues and expenditures, and serve to point out particular areas of strength, as well as areas where unusual one-time transactions, changes in accounting, or changes in procedure may result in misleading interpretations by a casual reader.

Please contact us if you have questions or if you would like more detailed information. In this joint effort between the Office of the State Controller, the Office of State Budget and Management, and the Department of Revenue, we are committed to providing you and the State with the most reliable and timely financial and economic information possible.

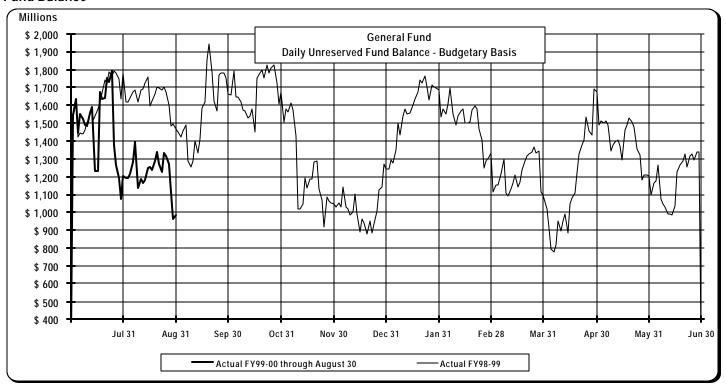

Sincerely, Edward Renfrow State Controller (919) 981-5454

Marvin K. Dorman, Jr. State Budget Officer (919) 733-7061

Muriel K. Offerman Secretary of Revenue (919) 733-7211

#### August 31, 1999

#### **Fund Balance**

At August 31, 1999 and 1998, the reserved and unreserved fund balance was composed of the following (in millions):

und Balance:	1	999-00	1998-99		
Reserved:	_		_		
Savings account	\$	322.5	\$	522.5	
Retirees health premiums		279.3		237.5	
Repairs and renovations		13.4		26.6	
Crean water management		1.1		_	
North Carolina Railroad acquisition		61.0		61.0	
Work First		_		19.5	
Total Reserved		677.3		867.1	
Unreserved:					
Fund Balance - July 1		296.7		515.2	
Transfer from reserves		380.0		227.8	
Excess of revenue over (under) expenditures		308.2		725.0	
Total Unreserved		984.9		1,468.0	
Total Fund Balance	\$	1,662.2	\$	2,335.1	

Bailey Case — State Tax Refunds - State Retirees. State and local government retirees filed a class action suit in 1990 as a result of the repeal of the income tax exemption for state and local government retirement benefits. The original suit was dismissed after the North Carolina Supreme Court ruled in 1991 that the plaintiffs had failed to comply with state law requirements for challenging unconstitutional taxes and the United States Supreme Court denied review. In 1992, many of the same plaintiffs filed a new lawsuit alleging essentially the same claims, including breach of contract, unconstitutional impairment of contract rights by the State in taxing benefits that were allegedly promised to be tax exempt and violation of several state constitutional provisions. Patton Case — State Tax Refunds - Federal Retirees. On June 23, 1995, retired federal employees sued for refund of income

taxes paid upon pension income for tax years 1989 through 1993. They alleged that the incremental pension increases granted state retirees since 1989 unconstitutionally discriminate against them. The North Carolina Supreme Court ruled in the Bailey case on Friday, May 8, 1998. On June 9, 1998 representatives of the State and the various retirees involved in the Bailey and Patton cases announced a settlement in the amount of \$799 million. Of this amount, \$400 million was paid in refunds in November 1998 for fiscal year 1998-99, and \$399 million during July of fiscal year 1999-2000.

Smith v. State - Intangibles tax refunds to non-protesting taxpayers. On February 21, 1996, the U.S. Supreme Court declared North Carolina's intangibles tax unconstitutional. Subsequently, the State made refunds of intangible taxes paid by all persons who had complied with the provisions of G.S. 105-267, Taxes to be paid; suits for recovery of taxes, for obtaining refunds of unconstitutional taxes. The Smith case is an action aimed principally at recovering intangibles tax refunds for taxpayers who failed to comply with the provisions of G.S. 105-267. On December 4, 1998, the Supreme Court ruled that North Carolina will have to pay refunds to non-protesters who paid intangibles taxes. This case has been consolidated with Shaver v. State, another action for refund of intangibles tax paid on shares of stock. The consolidated case has now been settled and the agreement requires the State to pay \$440 million into a settlement fund in two installments, \$200 million by October 1, 1999, and \$240 million by July 10, 2000.

Note that the table represents net tax and non-tax collections and not gross collections. When compared to the prior year through August 31, actual tax and non-tax revenues increased by \$43.6 million, or 2.4%. The net, or actual, tax and non-tax revenues through August 1999 of \$1,855.4 million were greater than the projected revenues by \$17.1 million. Major components of tax and non-tax revenues that increased from the prior year through the end of August 1999 included:

- \$33.5 million for Individual Income Tax; and
- \$33.4 million for Sales and Use Tax.

#### August 31, 1999

Tax revenues through August 1999 were greater than the period through August 1998 tax revenues by \$25.7 million, or 1.6%. Tax revenues are presented net of refunds to taxpayers and various transfers. Comparisons of current and prior year tax revenues are difficult due to legislative changes and netting of various transfer expenditures against the tax revenue sources. Examples of such transfers include:

- reimbursements to local governments;
- reimbursements for costs of administration of sales and use tax for local governments; and
- transfers to the Public School Building Capital Fund and Critical School Facility Needs Fund.

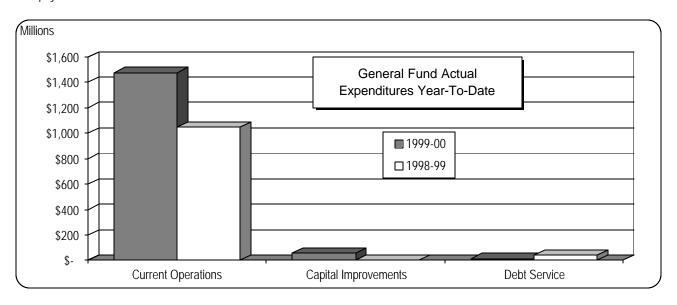

Non-tax revenue through the end of August 1999 was \$17.9 million or 7.3% greater than through the end of August 1998. Cash balances in the General Fund were \$1,892.7 as of August 31, 1999, versus \$2,527.1 as of August 1998. You would therefore expect investment earnings to be lower. Investment earnings were \$41.4 million through August 1999, compared to \$44.9 million through August 1998.

#### August 31, 1999

#### **Expenditures**

Actual appropriation expenditures through August 31, 1999, exclusive of appropriation expenditures for capital improvements funded by bond proceeds, were greater than actual appropriation expenditures through August 1998 by \$460.4 million, or 42.4%. Of this 42.4% increase, \$399 million, or 36.7%, represents fiscal year 1999-00 general government expenditures for payments to State and federal retirees (see page 1). For fiscal year 1998-99, the \$400 million payment to retirees did not occur until November 1998.

Expenditures for current operations (exclusive of expenditures for capital improvements and debt service) through August 1999 were greater than such expenditures through August 1998 by \$430.6 million, or 41.2%. As mentioned above, of this 41.2% increase, \$399 million, or 38.2% represents fiscal year 1999-00 general government expenditures for payments to State and federal retirees (see page 1). For fiscal year 1998-99, the \$400 million payment to retirees did not occur until November 1998.

A negative appropriation expenditure indicates that a budget code has non-appropriated authorized receipts that exceed authorized expenditures.

August 31, 1999

# General Obligation Debt - General Fund and Highway Fund

The following schedule presents principal payment requirements for the General Fund and the Highway Fund. This schedule is exclusive of defeased debt involving advance refundings where the proceeds were placed in an irrevocable trust with an escrow agent in an amount sufficient to provide for all future debt service payments on the refunded bonds.

In November 1996, the voters of North Carolina approved bonds in the amount of \$1.8 billion for school construction and \$950 million for highway construction. In November 1998, North Carolina voters approved \$800 million of new debt to finance grants and loans to local government units for water supply systems, wastewater collection systems, wastewater treatment works, and water conservation and water reuse projects; and an additional \$200 million of new debt to finance grants, loans, or other financing to public or private entities for construction of natural gas facilities. The amount of authorized, but unissued bonds was \$2.15 billion as of August 31, 1999.

The first bond issue related to the \$1.8 billion of school construction bonds which were approved in November 1996 was issued on March 1, 1997 in the amount of \$450 million. These bonds were issued at rates ranging from 5.1% to 5.2% with a final maturity of March 1, 2016.

The second bond issue related to the \$1.8 billion of school construction bonds which were approved in November 1996 was issued April 1, 1998 in the amount of \$450 million. These bonds were issued at rates ranging from 4.75% to 5.0% with a final maturity of April 1, 2016.

The third bond issue related to the \$1.8 billion of school construction bonds which were approved in November 1996 was issued April 1, 1999 in the amount of \$450 million. These bonds were issued at rates ranging from 4.5% to 5.0% with a final maturity of April 1, 2018.

The first bond issue related to highway construction was issued on November 1, 1997 in the amount of \$250 million, with rates ranging from 4.5% to 5.00%. The proceeds of this bond issue will be used to pay the capital costs of urban loops, intrastate system projects, and State secondary road projects.

# The schedule below includes only bonds issued through August 31, 1999.
