## STATE OF NORTH CAROLINA

The Honorable James B. Hunt, Jr. Governor of the State of North Carolina

August 29, 2000

We herewith submit the <u>Summary of Financial Condition</u> for the State of North Carolina for the twelve months ended June 30, 2000. The financial information within this report is designed to present the results of financial operations under the budgetary basis of accounting at a summary level.

The <u>Summary of Financial Condition</u> is intended to provide specific analysis of revenues and expenditures, and serve to point out particular areas of strength, as well as areas where unusual one-time transactions, changes in accounting, or changes in procedure may result in misleading interpretations by a casual reader.

Please contact us if you have questions or if you would like more detailed information. In this joint effort between the Office of the State Controller, the Office of State Budget and Management, and the Department of Revenue, we are committed to providing you and the State with the most reliable and timely financial and economic information possible.

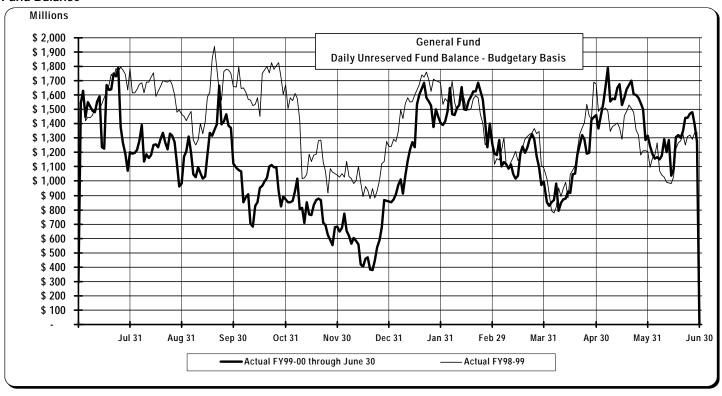

Sincerely, Edward Renfrow State Controller (919) 981-5454

Marvin K. Dorman, Jr. State Budget Officer (919) 733-7061

Muriel K. Offerman Secretary of Revenue (919) 733-7211

Bailey Case — State Tax Refunds - State Retirees. State and local government retirees filed a class action suit in 1990 as a result of the repeal of the income tax exemption for state and local government retirement benefits. The original suit was dismissed after the North Carolina Supreme Court ruled in 1991 that the plaintiffs had failed to comply with state law requirements for challenging unconstitutional taxes and the United States Supreme Court denied review. In 1992, many of the same plaintiffs filed a new lawsuit alleging essentially the same claims, including breach of contract, unconstitutional impairment

of contract rights by the State in taxing benefits that were allegedly promised to be tax exempt and violation of several state constitutional provisions. Patton Case — State Tax Refunds - Federal Retirees. On June 23, 1995, retired federal employees sued for refund of income taxes paid upon pension income for tax years 1989 through 1993. They alleged that the incremental pension increases granted state retirees since 1989 unconstitutionally discriminate against them. The North Carolina Supreme Court ruled in the Bailey case on Friday, May 8, 1998. On June 9, 1998 representatives of the State and the various retirees involved in the Bailey and Patton cases announced a settlement in the amount of \$799 million. Of this amount, \$400 million was paid in refunds in November 1998 for fiscal year 1998-99, and \$399 million during July of fiscal year 1999-2000.

Smith v. State - Intangibles tax refunds to non-protesting taxpayers. On February 21, 1996, the U.S. Supreme Court declared North Carolina's intangibles tax unconstitutional. Subsequently, the State made refunds of intangible taxes paid by all persons who had complied with the provisions of G.S. 105-267, Taxes to be paid; suits for recovery of taxes, for obtaining refunds of unconstitutional taxes. The Smith case is an action aimed principally at recovering intangibles tax refunds for taxpayers who failed to comply with the provisions of G.S. 105-267. On December 4, 1998, the Supreme Court ruled that North Carolina will have to pay refunds to non-protesters who paid intangibles taxes. This case has been consolidated with Shaver v. State, another action for refund of intangibles tax paid on shares of The consolidated case has now been settled and the agreement requires the State to pay \$440 million into a settlement fund in two installments, \$200 million by October 1, 1999, and \$240 million by July 10, 2000.

<sup>[1]</sup> Corporate income tax collections through June 2000 include franchise tax payments estimated at \$82.9 million. A transfer of payments to franchise tax from corporate tax will occur when corporations file their final tax return in October of this year.

Note that the table represents net tax and non-tax collections and not gross collections. When compared to the prior year through June 30, actual tax and non-tax revenues increased by \$401.1 million, or 3.1%. The net, or actual, tax and non-tax revenues through June 2000 of \$13,134.9 million were less than the projected revenues by \$141.0 million. Through June 2000, \$105.0 million of disproportionate share receipts were collected as non-tax revenue. Disproportionate share receipts are Medicaid payments received by hospitals that serve a disproportionate share of indigent patients. Major components of tax and non-tax revenues that increased from the prior year through the end of June 2000 included:

- \$473.6 million for Individual Income Tax;
- \$54.7 million for Corporate Income Tax; and
- \$27.7 million for Piped Natural Gas Tax (new tax for fiscal year 1999-00).

#### June 30, 2000

Tax revenues through June 2000 were greater than the period through June 1999 by \$425.7 million, or 3.6%. Tax revenues are presented net of refunds to taxpayers and various transfers. Comparisons of current and prior year tax revenues are difficult due to legislative changes and netting of various transfer expenditures against the tax revenue sources. Examples of such transfers include:

- reimbursements to local governments;
- reimbursements for costs of administration of sales and use tax for local governments; and
- transfers to the Public School Building Capital Fund and Critical School Facility Needs Fund.

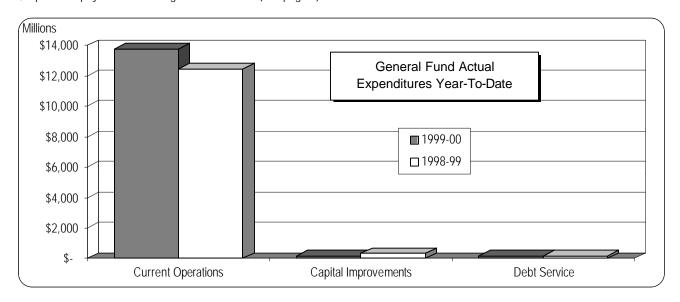

Non-tax revenue through the end of June 2000 was \$24.6 million, or 3.2% less than through the end of June 1999. Cash balances in the General Fund were \$851.8 million as of June 30, 2000, versus \$1,794.8 million as of June 1999. You would therefore expect investment earnings to be lower. Investment earnings were \$208.3 million through June 2000, compared to \$249.3 million through June 1999.

June 30, 2000

#### **Expenditures**

Actual appropriation expenditures through June 30, 2000, exclusive of appropriation expenditures for capital improvements funded by bond proceeds, were greater than actual appropriation expenditures through June 1999 by \$1,131.7 million, or 8.7%. Of this 8.7% increase, \$200 million, or 1.5%, represents payments for intangibles tax refunds (see page 1).

Expenditures for current operations (exclusive of expenditures for capital improvements and debt service) through June 2000 were greater than such expenditures through June 1999 by \$1,311.6 million, or 10.5%. As mentioned above, of this 10.5% increase, \$200 million, or 1.6% represents payments for intangibles tax refunds (see page 1).

## General Obligation Debt - General Fund and Highway Fund

The following schedule presents principal payment requirements for the General Fund and the Highway Fund. This schedule is exclusive of defeased debt involving advance refundings where the proceeds were placed in an irrevocable trust with an escrow agent in an amount sufficient to provide for all future debt service payments on the refunded bonds. The amount of authorized, but unissued bonds was \$1.95 billion as of June 30, 2000.

The first bond issue related to the \$1 billion of public improvement bonds which were approved in November 1998 was issued on September 1, 1999 in the amount of \$197.4 million. The bonds in Series 1999A were issued at rates ranging from 5.0% to 5.4% with a final maturity of March 1, 2019. The bonds in Series 1999B were issued at rates ranging from 6.7% to 6.75% with a final maturity of March 1, 2007.

The second bond issue related to the \$1 billion of public improvement bonds was issued on October 1, 1999 in the amount of \$2.6 million. The bonds were issued at rates ranging from 4.5% to 4.7% with a final maturity of March 1, 2007.

# <u>The schedule below includes only bonds issued</u> through June 30, 2000.
