SUMMARY OF FINANCIAL CONDITION

August 31, 2004

Tax revenues through August 2004 were more than the period through August 2003 by \$57.9 million, or 2.8%. Tax revenues are presented net of refunds to taxpayers and various transfers. Comparisons of current and prior year tax revenues are difficult due to legislative changes and netting of various transfer expenditures against the tax revenue sources. Examples of such transfers include:

- reimbursements to local governments;
- reimbursements for costs of administration of sales and use tax for local governments; and
- transfers to the Public School Building Capital Fund and Critical School Facility Needs Fund.

Non-tax revenue through the end of August 2004 was \$50.2 million, or 30.3%, less than through the end of August 2003. The substantial decrease in non-tax revenue is due to a transfer-in of \$108.8 million from reserves to generate additional funds for the 2004 fiscal year. Investment revenues decreased by \$2.0 million from the prior year through the end of August.
