Note that the table represents net tax and non-tax collections and not gross collections. When compared to the prior year through December 31, actual tax and non-tax revenues increased by \$229.8 million, or 3.2%. The substantial increase in non-tax revenue is due to a transfer in July 2003, of \$108.8 million from Governor Easley's Executive Order to generate additional funds for the 2004 fiscal year. The net, or actual, tax and non-tax revenues through December 2003 of \$7,349.6 billion were more than the projected revenues by \$158.2 million.

For fiscal year 2002-03, the local government tax reimbursement was repealed. In addition in fiscal year 2002-03, no funds were transferred from corporate income tax to the Critical School Facility Needs Fund or the Public School Building Capital Fund. Instead these funds were deposited as a receipt for use in the State Public School Fund (*part of the General Fund*). This receipt indirectly increased available dollars to be appropriated for other uses.

Major components of tax and non-tax revenues that increased from the prior year through the end of December 2003 included:

- \$120.0 million for Sales and Use Tax;
- \$166.7 million for Individual Income Tax; and
- \$93.1 million for Miscellaneous Non-tax

SUMMARY OF FINANCIAL CONDITION

December 31, 2003

Tax revenues through December 2003 were more than the period through December 2002 by \$211.9 million, or 3.2%. Tax revenues are presented net of refunds to taxpayers and various transfers. Comparisons of current and prior year tax revenues are difficult due to legislative changes and netting of various transfer expenditures against the tax revenue sources. Examples of such transfers include:

- reimbursements to local governments;
- reimbursements for costs of administration of sales and use tax for local governments; and
- transfers to the Public School Building Capital Fund and Critical School Facility Needs Fund.

Non-tax revenue through the end of December 2003 was \$17.9 million, or 3.7%, more than through the end of December 2002. Investment revenues decreased by \$13.0 million from the prior year through the end of December.
