

Post 2/1/2025 Range Revision Action Processing Instructions BEST SHARED SERVICES – HR—PA&OM

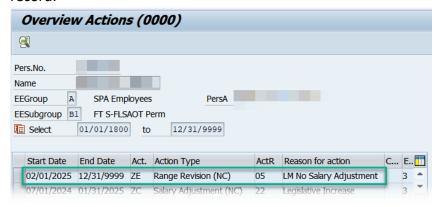

Description:

This document provides instructions for completing actions with effective dates prior to 2/1/25 for employees with a 2/1/25 Range Revision - LM No Salary Adjustment action.

Important Notes:

 As has been previously communicated by OSHR via memo sent to HR Directors, some employees will have a 2/1/25 (ZE) Range Revision (05) LM No Salary Adjustment on their record:

- ALWAYS review the employee actions in PA20 before processing any PCR action.
- If the action is effective 2/1/25 and does not involve a position change, the action may be worked at the agency per normal process.
- Do **NOT** attempt to process a new action with an effective date prior to 2/1/25 while there is a 2/1/25 Range Revision still on the employee's record. This would be considered an insert.
- Do **NOT** insert any action with an effective date prior to 2/1/25. Inserting an action will result in the 2/1/25 action being overwritten. This WILL cause payroll impacting issues and can prevent an employee from being paid.
- BEST will NOT insert retro actions (non-LOA) due to the 2/1/25 Range Revision action.
- BEST will **NOT** reprocess 2/1/25 ZE-05 Range Revision actions.
- Please follow instructions for ticket requirements listed in the <u>OM/PA Ticket Request Guide</u> (<u>Job Aid GN-9</u>) available on the OSC site. Five or more employees can be submitted by spreadsheet.

- If another (ZE) Range Revision action type is to be processed and effective 2/1/25, the ZE-05 (LM No Salary Adjustment) action **should remain** on the employees' record for reporting purposes.
- ALL Range Revisions MUST be back on the employee's record prior to any Legislative Increase processing.
