In addition, all component units of the State of North Carolina that issue separate financial statements and are audited by the Office of the State Auditor are required to prepare formal financial statements, formal notes to the financial statements, management's discussion and analysis, and required supplementary information (if applicable) in accordance with Generally Accepted Accounting Principles (GAAP). The component units are required to have these documents complete and made available to the State Auditor by September 21, 2018 and to disclose in their letter of certification to the State Controller that they are in compliance with this requirement.
