MEMORANDUM

TO: NCAS Chief Financial Officers
NCAS Accounts Payable Personnel

FROM: Robert L. Powell, State Controller
Office of the State Controller

SUBJECT: Annual 1099 Processing

As in previous years, the final 1099 processing begins early December. Attached please find a schedule and procedures for processing 1099 documentation. The process for reporting remains the same as last year.

Please review the attached schedule to insure that your agency is in compliance. Due to the centralization of the 1099 reporting process, it is critical that all reports and the NCAS 1099 data are reviewed for accuracy by the requested deadlines so that the central data file for OSC transmission to the IRS can be created.

Please call the OSC NCAS Client Support at (919) 875-HELP if you have any questions, concerns, or require assistance with NCAS 1099 activities.

Thank you for your attention to this very important matter.

1099 Processing Procedures for Calendar Year 2005

Below is the time schedule and activities for this year's 1099 processing activities. All information should have been recorded throughout the 2005 year by flagging invoices with the 1099 codes and reviewing the monthly 1099 reports. The end-of-year tasks should primarily consist of final review of reports for errors and accuracy of data. To aid in this review process, the Office of the State Controller (OSC) will begin producing the 1099 reports on a weekly basis starting December 16, 2005.

As indicated in the 1099-processing schedule, the OSC will begin printing 1099's on January 12, 2006. To ensure accurate and prompt delivery, all forms will be printed and held at the OSC until an agency representative picks them up during the week of January 18, 2006. All agencies regardless of the number of 1099's will be printed by the OSC and must be picked up. **The 1099's will be printed on laser paper, to ensure each copy will be legible for the recipient and the agency. Each agency will be responsible for placing their 1099's in the envelopes provided by OSC and mailing them.**

In March, the OSC will be the only transmitter for filing with the IRS, sending one file with all the NCAS agencies' data using an OSC Transmitter Control Code (TCC). Each agency will be reported under its own Federal ID number and is responsible for its data, but will no longer be responsible for mailing in magnetic tapes of paper forms. The OSC will be filing with the IRS electronically in order to provide additional time for 1099 reporting. **There should be no direct reporting of NCAS data by the agency to the IRS.** As in the past, all 1099 information that is not on the NCAS will be the responsibility of the agency.

The following time schedule has been established to process 2005 calendar year 1099 information.
