

How to Enable Excel Plugin

June, 2023

How to Enable Excel Plugin

- Close all Excel Files that are open.
- Open an empty Excel file and Click > File > Add-Ins
- Select “ADF Desktop Integration Add-in for Excel”. If you don’t see this, then excel plugin was not installed. Ask the user to install the plugin.
- In the Manage box at the bottom, select “Com Add-ins”
- Click Go button.

Excel Options

View and manage Microsoft Office Add-ins.
