

# AGENDA

## *OSC Financial Conference*

December 16, 2014

---

---

- 8:15 – 8:20 Call to Order – Terri Noblin, Office of the State Controller  
Accounting and Financial Reporting Manager
- 8:20 – 8:40 Opening Remarks and Fiscal Integrity Award Presentation – Dr. Linda Combs, State  
Controller  
Internal Audit Award of Excellence Presentation – Beth Wood, State Auditor
- 8:40 – 8:50 GASB 68 Pension Allocation Update – Sharon Edmundson, Department of State  
Treasurer
- 8:50 – 10:10 Federal Grants Oversight: A New Partnership Focused on Results – Robert Shea and  
Jim Taylor, Grant Thornton LLP
- 10:10 – 10:30 Break
- 10:30 – 11:00 State Auditor Update – Impact of “Super Circular” and Common Audit Findings – Beth  
Wood, State Auditor
- 11:00 – 11:20 The Uniform Guidance: Impact for UNC Institutions of Higher Education – Sarah  
Smith, UNC General Administration
- 11:20 – 12:00 Is the Economy Finally Picking Up Steam? – Michael Walden, N.C. State University
- 12:00 – 1:00 Lunch
- 1:00 – 1:05 Call to Order – Terri Noblin, Office of the State Controller
- 1:05 – 1:55 Move Out of Your Comfort Zone: Big Data, The Era of Abundance – Eric Hunley,  
SAS
- 1:55 – 2:40 Electronic Crimes Inc.: The World’s Most Profitable Crime Model – Chris Swecker,  
Governor’s Crime Commission
- 2:40 – 3:00 Break
- 3:00 – 3:50 Creating Successful Work Relationships – Holly Basso, N.C. State University
- 3:50 – 4:40 Enterprise Systems/Programs Update – Jim Dolan – Office of the State Controller
- CMCS, eCommerce, and Statewide ERP – Amber Young, Luke Harris, and Jim Tulenko – Office of the State Controller
  - IBIS – Andrew Whalen – Office of State Budget and Management
  - Core Banking – Brandon Watson – Department of State Treasurer
  - UNC Chapel Hill ERP – Brian Smith – UNC Chapel Hill
- 4:40 – 4:45 Closing Remarks – Terri Noblin, Office of the State Controller

**2014 OSC Financial Conference**  
Continuing Professional Education  
North Carolina Office of the State Controller\*

\* Click the following link for additional information about the [NC Office of the State Controller](#), the sponsor and developer of this program.

Sharon Edmundson, MPA, CPA

Sharon Edmundson is currently the Director of the Fiscal Management Section of the State and Local Government Finance Division of the North Carolina Department of State Treasurer. She previously served as one of the Assistant Directors of this section, a position she held for 2 years, and was a staff member in the section for six years. Her other work experience includes ten years in public accounting and four years as an internal auditor.

Ms. Edmundson received her BS in Business Administration with a concentration in accounting from the University of North Carolina at Chapel Hill, and a Masters in Public Administration at North Carolina State University. She is a member of the North Carolina Association of Certified Public Accountants and currently chairs the Governmental Accounting and Auditing Committee. She also served two terms on the Committee on Accounting, Auditing, and Financial Reporting for the Government Finance Officers Association.

## Robert Johnston Shea

Robert is a Principal in Grant Thornton's Global Public Sector (GPS) practice, with over 20 years of federal government experience. He leads the Public Sector's communications and public policy team and is a member of the Performance Transformation Group. Robert joined Grant Thornton from the U.S. Office of Management and Budget, where he was Associate Director for Administration and Government Performance. In addition to managing OMB's internal operations, Robert led the President's Performance Improvement Initiative and administered the Program Assessment Rating Tool. Robert made numerous presentations on best practices in performance management under the auspices of the Organization for Economic Co-Operation and Development (OECD) and co-edited the volume, *Performance Management and Budgeting: How Governments Can Learn from Experience*. Before joining OMB, Robert served as Counsel to the Senate Committee on Governmental Affairs where, in addition to general oversight of Executive Branch management, he advised Committee leadership on the status of implementation of the statutory framework for performance-based government, including the Government Performance and Results Act and the Chief Financial Officers Act. He was Legislative Director for Congressman Pete Sessions (TX) from 1997 to 1999, where he organized the Results Caucus, a group of Members of Congress dedicated to results-based management and solving many of the government's major management problems. Robert was a Professional Staff Member with the House Committee on Government Reform from 1995 through 1996. There he had responsibility for examining the economy and efficiency of government programs, and acted as liaison with the government's Inspectors General.

## James L. Taylor

James L. Taylor recently joined Grant Thornton as managing director, following over 30 years of public service. Just prior to his retirement, Mr. Taylor served as the senior advisor to the IRS Commissioner, charged with integrating the IRS' complex requirements in support of the Affordable Care Act. In 2010, Mr. Taylor was confirmed by the United States Senate as the Chief Financial Officer for the Department of Labor, a position he held for nearly four years. Prior to this position, he served as Deputy Inspector General for the Department of Homeland Security, where he assisted the Inspector General in managing over 600 auditors, inspectors, and investigators. From 1999-2005, Mr. Taylor was the Deputy Chief Financial Officer for the Department of Commerce, where he successfully implemented the department's first integrated financial management system, and earned its first clean audit opinion. Prior to his position at Commerce, Mr. Taylor served as the Deputy Chief Financial Officer for the Federal Emergency Management Agency, where he helped transform FEMA's financial operations to more effectively support the agency's disaster response activities, and achieved its first clean audit opinion. Mr. Taylor has received the Donald E. Scantlebury Award for Excellence in Federal Financial Management, and the Presidential Rank Award of Distinguished Executive. He received his BA from Old Dominion University and an MPA from the University of Delaware, where he was a Public Service Fellow.

## Biographical Information

### North Carolina State Auditor Beth A. Wood, CPA

Beth Wood is in her second term as North Carolina's elected State Auditor. She is a Certified Public Accountant and long-time public servant with nearly 25 years of auditing experience.

Beth served in the State Auditor's Office for more than a decade before being elected into this position. Before joining the State Auditor's Office, she served in the State Treasurer's Office and in the private sector. She is the first woman elected to the position of State Auditor in North Carolina.

During her tenure, the office has performed audits that would help state leaders cope with the worst economic conditions since the Great Depression. Those audits have focused on contracting practices that favored vendors at the expense of taxpayers and changes in agency procedures that have saved the state hundreds of millions of dollars. Her office has also produced several audits pointing out the flaws with the state's information technology projects.

Beth intends to continue producing audits that will help the governor and legislators streamline state government. Audit teams across the state are watching every area of state government for potential savings that help make the best use of taxpayer dollars.

Additionally, under her leadership during the next term, the office will perform follow-up audits, evaluate the use of best practices by state agencies and will work to attract and retain highly skilled auditors.

## **Sarah Means Smith**

Director of Sponsored Programs  
UNC General Administration  
Division of Research and Graduate Education

### **Responsibilities:**

Direct all facets of pre- and post-award administration for contracts and grants awarded to UNC-General Administration, including proposal and budget development, award negotiations, regulatory compliance, post-award functions and financial compliance, and is primary liaison between UNC program directors and sponsors. Serve as the contract and grant process advisory lead for the UNC Business Process Compliance Program. Lead the UNC Sponsored Programs and Research Council providing a venue for policy and emerging trend discussions and content area training.

### **Previous Professional Positions:**

Sarah has over 21 years of experience in the research administration arena. Sarah has been in her current position at UNC-General Administration since September 2001. Previously, she served as the Manager of NCSU Sponsored Programs from 1998 through September 2001, and was with the NCSU College of Humanities and Social Sciences from 1991 through 1998, serving as Research Associate from 1994-1998. She was also associated with the NCSU Division of Transportation from 1984-1990, serving as Parking Services Manager at from 1986-1990.

### **Education:**

B.A. Business Management, NCSU - 1994  
Certified Public Manager – 2001  
Certified Research Administrator - Spring 2002, Spring 2008, Spring 2013

## MICHAEL L. WALDEN

Dr. Michael L. Walden is a William Neal Reynolds Distinguished Professor and Extension Economist at North Carolina State University and a member of the Graduate Economics faculty with The Poole College of Management. His Ph.D. degree is from Cornell University and he has been at N.C. State since 1978. He has also been a Visiting Professor at Duke University.

Dr. Walden has teaching, research, and extension responsibilities at NCSU in the areas of consumer economics, economic outlook, and public policy. He has published eight books and over 250 articles and reports, including the book *North Carolina in the Connected Age*, published by the UNC Press. He has served on several local and state level commissions. With his wife, he is the co-author of three “economic thrillers”, *Macro Mayhem*, *Micro Mischief*, and *Fiscal Fiasco*, designed to teach economics in an entertaining way.

Dr. Walden can be frequently seen, heard, and read in the media. He has daily radio programs aired on stations around North Carolina for which he has won two national awards. He is often interviewed on local TV and radio news broadcasts, has appeared on *NBC*, *CBS*, *The Fox Report*, and the *Newshour With Jim Lehrer*, and is frequently quoted in such newspapers as *USA Today*, *The News and Observer*, *The Charlotte Observer*, *The Boston Globe*, *The Wall Street Journal*, and *The Washington Post*. His biweekly column, *You Decide*, is carried by over forty newspapers in the state. He has made over 2500 personal presentations.

Dr. Walden directs the semiannual economic forecast, *The North Carolina Economic Outlook*. He has won numerous academic and public awards, including two Champion-Tuck Awards for Excellence in Broadcasting, the UNC Board of Governor’s Award for Excellence in Public Service in 2010, the Order of the Long Leaf Pine in 2013, and the Holladay Medal for Excellence from North Carolina State University in 2014.

**Eric Hunley**  
**Senior Manager, State and Local Government Practice**

Eric currently serves as a Senior Manager at SAS in the State and Local Government Practice. His primary role is helping solve business problems for the State of North Carolina and across the country in areas such as reducing Fraud, Waste and Abuse, Criminal Justice & Law Enforcement, Improving Education and other opportunities across state agencies. Over the past 21+ years at SAS he has worked in various roles ranging from Technical Support, Systems Engineer/Systems Engineer Manager and Manager of Product Management. Throughout his career at SAS he has been involved with a wide range of technologies including enterprise data management, enterprise architectures, high-performance computing, data storage, data warehousing and data quality. The majority of his tenure at SAS has been dedicated to data management/data integration and data quality; basically Big Data before Big Data was a common term or phrase. He has authored various technical documents and white papers at SAS on various product and solution areas presenting to audience as small as 1 and as large as 3,000.

Eric has a BS from East Carolina University in Computer Science. He spends his time away from the office coaching youth baseball at the West Raleigh Exchange Club. He has served as the Co-Chairman for the Racing Heroes Charity Auction in the past that has raised in excess of \$150,000 for the Family Support Program at the Duke Children's Hospital Pediatric Bone Marrow Transplant Unit. He serves on the NC Technology Association Advisory Board, Middle Creek High School Digital Media Academy and is the Vice President of the Stampede Club, which is a booster club for student athletes at Middle Creek High School.

**Chris Swecker, Esq.**  
**Assistant Director, FBI, (Retired) 1982-2006**  
**Global Security Director, Bank of America, 2006-2009**  
**Attorney/Fraud and Security Consultant 2006-present**  
**Former Board Member, Allied Barton Security Company**  
**Chairman NC Governor's Crime Commission**

**Swecker served 24 years as a Special Agent with the Federal Bureau of Investigation (FBI) retiring in 2006 as Assistant Director, Criminal Investigations Division, with oversight over all FBI Criminal and Cyber Investigations. Swecker also served as the FBI's Special Agent in Charge in North Carolina, the Assistant Special Agent in Charge in Miami and Houston and the On Scene Commander in Iraq in 2003 where he led a team of FBI Agents conducting counter-intelligence, terror financing and international terrorism investigations including investigating suicide bombing attacks on the UN headquarters and other civilian occupied facilities. Prior to joining the FBI he was an Assistant District Attorney in The First District of NC. He currently Chairs the NC Governor's Crime Commission in Raleigh.**

**As CSO for Bank of America from July 2006 to January 2009 Swecker led components that were responsible for all fraud investigations; physical security; international security, employment screening, some Anti Money Laundering functions and executive protection. He provided strategic direction and overall management for over 600 proprietary associates and over 3800 contract security guards with an annual budget of over \$250 million spanning 6100 bank branches, 18,000 ATMs and 450 administrative facilities.**

**Swecker has testified before US Congress on topics such as identity theft, crimes against children, mortgage fraud, human trafficking, financial crimes, information privacy, terrorism, data compromise, crimes on the internet, drug trafficking on the southwest border and gangs. He has also appeared on 60 Minutes, CBS This Morning, Oprah Winfrey, Good Morning America, CSPAN Washington Journal, CNN, CNBC and North Carolina People. He is a frequent public speaker and author of articles on Financial Crimes, Money Laundering, Security, Human Trafficking and Cyber Crimes.**

**Swecker is a graduate of Appalachian State University where he was a 4 year varsity football letterman, graduating in 1978. He attended Wake Forest School of Law receiving his Juris Doctor in 1981. He is a member of both the North Carolina and Virginia State Bars. Swecker received the prestigious Presidential Rank Award in 2003 for his service in Iraq and as Special Agent in Charge of the NC Office. Swecker currently manages his own law practice and founded a successful security and financial crimes consulting firm, Chris Swecker Enterprises.**

Meet the Instructor...  
**Holly A. Basso, M. Ed**

---

Holly Basso is a seasoned veteran in the field of corporate training, offering computer software consulting and instruction, productivity seminars and motivational seminars. As Assistant Director of Technology Training Solutions (TTS) at NC State University, Basso offers a host of courses that allow North Carolina members of business and industry to stay abreast of technology.

Basso's experience in this field spans over 25 years. During that time, she has managed five different training centers, run her own consulting business, trained various levels of computer users in different areas of technology, and created effective, technology-driven business solutions. She combines an in-depth knowledge of business and industry with adult-education techniques, allowing her to bring unparalleled knowledge and assistance to TTS customers and her class participants.

Basso is currently a PhD student at NC State University in the field of Leadership, Policy and Adult and Higher Education.

## **Bios for speakers for the Enterprise Systems/Program Update – 12.16.2014**

**Jim Dolan** is the Chief Deputy State Controller at the Office of State Controller (OSC). Jim oversees the day to day operations for the accounting and reporting of the state's finances and cash management, managing the payroll for approximately 75,000 state employees, and oversight of the State's risk management efforts and eCommerce activities. Jim has extensive private sector experience that covers accounting, planning, budgeting, forecasting and pricing and management. Jim has worked for the state for almost 10 years in IT oversight and Operations Management positions. Jim has an undergraduate degree in Accounting from Bryant University and an MBA from Rider University. He is also a graduate of the Government Chief Information Officer program at UNC Chapel Hill's School of Government.

**Amber Young** is the Central Compliance Manager for the Office of the State Controller. Amber has been a state government employee for 32 years including 25 years of service with Office of the State Controller and 7 years as a financial auditor with the Office of the State Auditor. Amber has spent numerous years in the management of Statewide General Fund activities for the State of North Carolina and compliance of statewide cash management legislation. Amber also manages the Statewide Accounts Receivable Program, Statewide eCommerce Program, Federal Cash Management and Statewide Accounts for the Office of State Controller. She received a BA in Accounting from North Carolina State University.

**Luke Harris** is a Financial Specialist with the North Carolina Office of the State Controller. Luke Harris has been employed with the North Carolina Office of the State Controller for 16 years. For the past 11 ½ years, he has been working with the Statewide Electronic Commerce Program. Luke graduated from Western Carolina University with a BS in Business Administration with a major in Accounting.

**Jim Tulenko** is the Deputy State Controller for Information Technology (CIO) for the Office of the State Controller. Jim has extensive private sector experience in software development, project management, account & marketing management and ROI analysis. Jim has been working for the State for almost ten years, initially with the Office of Information Technology Services as Project Portfolio Manager for the State and more recently as the Program Director for the BEACON HR/Payroll system. Jim has an undergraduate degree in Computer Science from Penn State University and an MBA from Duke University. He is also a graduate of the Government Chief Information Officer program at UNC Chapel Hill's School of Government.

**Andrew Whalen** is the Deputy CIO for the NC Office of State Budget & Management (OSBM). He has worked for the State for 8 years, most recently for OSBM. Andrew has supported many technical projects like NCRcovery.gov, the early stages of State Portal refresh, and the IBIS (Integrated Budget Information System) project. Andrew is a graduate of NC State University.

**Brandon Watson** serves as Banking Director for the North Carolina Department of State Treasurer where he oversees the Banking Operations and Bank Reconciliation Units. Brandon is a fourteen year veteran of the financial services industry and has experience in investments, commercial banking, and lending. He received his B.A. in Economics from Duke University.

**Brian Smith** is the Interim Assistant Vice Chancellor for Financial Accounting Operations at The University of North Carolina at Chapel Hill. Brian oversees the day-to-day operations for the University in the areas of Accounting Services, Financial Reporting, Internal Controls, Payroll, Procurement, Student Accounts, and Treasury. Brian is also the Chair of the Finance Stakeholders Committee for the University's ConnectCarolina (ERP) Project. He has been with the University for a little over ten years, primarily in the role of Director of Treasury and Risk Management Services. Brian graduated from The University of North Carolina at Chapel Hill with a degree in Economics. He is also a Chartered Financial Analyst and a Certified Treasury Professional.

**GASB 68 in NC**  
*State and Local Government Finance Division*

December 16, 2014  
Sharon Edmundson

 North Carolina Department of State Treasurer  
State and Local Government Finance

*Learn. Invest. Grow. Prosper.*

**GASB 68 in NC**

What are We Doing to Prepare?

2

 North Carolina Department of State Treasurer  
State and Local Government Finance

*Learn. Invest. Grow. Prosper.*

## GASB 68 in NC

- GASB's intent to separate accounting for the liability from funding
- Effective dates:
  - GASB 68 for years ending after June 15, 2015 – June 30, 2015 is **first** FYE affected in NC
- State implemented GASB 67 in June 30, 2014 CAFR

3

North Carolina Department of State Treasurer  
State and Local Government Finance

Learn. Invest. Grow. Prosper.

## GASB 68 in NC

- What will it mean to implement GASB 68?
  - Each employer participant in cost-sharing plans will take its proportionate share of the net pension liability (or asset) and record that liability on its financial statements that are prepared using the economic resources measurement focus
  - Certain elements will be deferred either as deferred inflows or outflows, and amortized over set periods, again recorded only on those statements prepared using the economic resources measurement focus
  - Pension expense also will be calculated as a function of the proportionate share of liability and the deferrals, and again recorded only on those statements prepared using the economic resources measurement focus

4

North Carolina Department of State Treasurer  
State and Local Government Finance

Learn. Invest. Grow. Prosper.

## GASB 68 in NC

- In addition to some new numbers on your financials, there are additional note disclosure requirements and additional RSI
- State agencies that issue financial statements separate from the CAFR will have to implement for their June 30, 2015 financials

5

North Carolina Department of State Treasurer  
State and Local Government Finance

Learn. Invest. Grow. Prosper.

## GASB 68 in NC

- Four defined benefit multi-employer plans that state agencies and local governments participate in
  - TSERS
  - LGERS
  - Firefighters' and Rescue Squad Workers' Pension
  - Register of Deeds Supplemental Pension Plan
- Net Pension Liability (NPL) will be calculated for each State plan and apportioned across participant employers as of June 30 each year

6

North Carolina Department of State Treasurer  
State and Local Government Finance

Learn. Invest. Grow. Prosper.

## GASB 68 in NC

- Most data you will need will be provided by Retirement Division in conjunction with State's actuary and OSA
- SLGFD will provide templates for disclosures and financial statement presentation
- Data will be timely enough to not interfere with timely completion of financial statements

7

North Carolina Department of State Treasurer  
State and Local Government Finance

Learn. Invest. Grow. Prosper.

## GASB 68 in NC

Note disclosures for employer participants in cost-sharing plans:

- Description of plan, benefits provided, and contribution requirements
- That TSERS does not issue a stand alone report, that it is included in the State's CAFR and how to access a copy
- Assumptions used to measure total pension liability
- By reference to State's CAFR the elements of plan's financials and fiduciary net position
- Discount rate assumptions

8

North Carolina Department of State Treasurer  
State and Local Government Finance

Learn. Invest. Grow. Prosper.

## GASB 68 in NC

### Note Disclosures (continued):

- Participant employer's proportionate share of collective NPL
- If employer has special funding situation, information relative to employer and non-employer's portions of the employer's share
- Change in the proportion since the prior measurement date
- Measurement date, valuation date, and statement that update procedures were used to roll valuation date information to measurement date
- Brief description of changes in assumptions since prior measurement date that affect measurement of TPL
- Brief description of any changes between the current measurement date and the employers reporting date that will affect proportionate share and an estimate of that effect if possible

9

North Carolina Department of State Treasurer  
State and Local Government Finance

Learn. Invest. Grow. Prosper.

## GASB 68 in NC

### Note Disclosures (continued):

- The amount of pension expense recognized by the employer during the reporting period
- Employer's balances of deferred outflows and inflows related to pensions and classified into various categories
- A schedule that reflects the next five years' aggregate deferred inflows and outflows that will be recognized in pension expense and the amount of the employer's balance of deferred outflows that will be included as a reduction of the net pension liability (employer's contributions subsequent to measurement date)
- The amount of revenue recognized as support provided by nonemployer contributing entities (special funding)

10

North Carolina Department of State Treasurer  
State and Local Government Finance

Learn. Invest. Grow. Prosper.

## GASB 68 in NC

### RSI

- Determined as of measurement date, 10 year schedule:
  - Employer's proportionate share of NPL in % and \$ figures
  - Covered payroll
  - Employer's proportionate share in \$ of NPL as a % of covered payroll
  - Funded percentage of plan

11

North Carolina Department of State Treasurer  
State and Local Government Finance

Learn. Invest. Grow. Prosper.

## GASB 68 in NC

### RSI (continued):

- If you have a special funding situation, all of the above with data broken down between employer portion and non-employer portion
- Determined as of employer FYE, 10 year schedule:
  - Statutorily or contractually required employer contribution (excluding any amounts to finance specific liabilities)
  - Contributions recognized by the plan in relation to employer's contributions
  - Difference, if any, between the two
  - Employer's covered payroll
  - Contributions recognized by the plan as a % of employer's covered payroll

12

North Carolina Department of State Treasurer  
State and Local Government Finance

Learn. Invest. Grow. Prosper.

## GASB 68 in NC

# How Will All This New Data Be Audited?

13

North Carolina Department of State Treasurer  
State and Local Government Finance

Learn. Invest. Grow. Prosper.

## GASB 68 in NC

- Guidance on auditing for 68
  - Two AICPA white papers issued February 24, 2014
  - Three Audit Interpretations issued by AICPA on April 22, 2014
  - *State and Local Government Auditing Guide*

14

North Carolina Department of State Treasurer  
State and Local Government Finance

Learn. Invest. Grow. Prosper.

## GASB 68 in NC

- Allocation method to be determined
- Sample chosen by OSA will be used to provide assurance on census data for calendar year 2013 (AICPA White Paper)
- Same sample will audit additional census data for DST

15

North Carolina Department of State Treasurer  
State and Local Government Finance

Learn. Invest. Grow. Prosper.

## GASB 68 in NC

- **Plan management** is responsible for completeness and accuracy of census data
- **Plan auditor** is responsible for testing
- Using a risk based approach, plan auditor can select a sample of employer participants and have employer's auditor test data as part of an attest engagement
- Plan auditor will determine which, if any, participant employers are a large enough percentage of the whole to be considered individually important – those employers would be tested each year
- Remaining employers will be tested on rotating basis unless they are determined to be so small individually that they are insignificant to the whole even when combined with all other employers also deemed to be insignificant
- Plan auditor responsible for testing data on inactives and retirees

16

North Carolina Department of State Treasurer  
State and Local Government Finance

Learn. Invest. Grow. Prosper.

## GASB 68 in NC

### Auditing Census Data – AICPA White Paper

- Certain pieces of the GASB 68 puzzle are reliant on the accuracy of the data that is either reported to the pension plan and controlled by the participant employers – payroll data for active employees - OR that is controlled by the plan itself – typically data on inactives and retirees

17

North Carolina Department of State Treasurer  
State and Local Government Finance

Learn. Invest. Grow. Prosper.

## GASB 68 in NC

- OSA requested sample of employer participants on both TSERS and LGERS perform census data testing for the following -
  - Eligibility
  - Compensation
  - Date of birth
  - Gender

18

North Carolina Department of State Treasurer  
State and Local Government Finance

Learn. Invest. Grow. Prosper.

## GASB 68 in NC

- DST requested additional census data testing by employer participants in the OSA sample
  - Class of employee – general, LEO, or firefighter
  - Date of hire/date employee first reported as employee of participant employer
  - Date of termination
- OSA conducted its audit of census data at plan level

19

North Carolina Department of State Treasurer  
State and Local Government Finance

Learn. Invest. Grow. Prosper.

## GASB 68 in NC

Reporting for Plans and Participant Employers in Multi-Employer Cost Sharing Plans – AICPA White Paper

- Significant cooperation between plan, participant employers and auditors will be needed to successfully implement
- Plan will
  - Calculate the allocation percentages
  - Determine collective pension amounts such as deferrals and calculate allocation of these amounts
  - Provide a schedule of allocations and related notes and will engage an auditor to obtain reasonable assurance on the schedule and related notes

20

North Carolina Department of State Treasurer  
State and Local Government Finance

Learn. Invest. Grow. Prosper.

## GASB 68 in NC

AICPA has issued three audit interpretations relevant to GASB 67/68

- AU-C Section 9500 – Is plan statement by itself sufficient for use by participant employers to successfully implement GASB 68?
  - No. Current strategy in NC is to have OSA issue a separate report of the required proportionate share schedule for NPL, the elements of pension expense including deferrals that come from the plan

21

North Carolina Department of State Treasurer  
State and Local Government Finance

Learn. Invest. Grow. Prosper.

## GASB 68 in NC

- AU-C 9500 – Can participant employer rely on the report by plan auditor as sufficient audit evidence?
  - Yes with consideration given by the participant employer that the plan auditor's report and accompanying schedules are adequate and appropriate for the participant auditor purposes. Participant auditor should recalculate % share

22

North Carolina Department of State Treasurer  
State and Local Government Finance

Learn. Invest. Grow. Prosper.

## GASB 68 in NC

- AU-C 9600 – Is the Plan a component (for group audit purposes) of the participant employer?
  - No
- AU-C 9805 – sample report that plan auditor can use for schedules

23

North Carolina Department of State Treasurer  
State and Local Government Finance

Learn. Invest. Grow. Prosper.

## GASB 68 in NC

- What are we doing to prepare?
  - Cross-divisional and cross-departmental team working on implementation – DST, OSA, OSC and the State's actuary
  - "Dry run" for 68 underway
  - Communications plan
  - Have met and will continue to meet regularly with OSA, OSC and the State's actuary to work through issues

24

North Carolina Department of State Treasurer  
State and Local Government Finance

Learn. Invest. Grow. Prosper.

## GASB 68 in NC

- OSA will issue a report with allocation schedule, related notes, and assurance for the NPL
- Actuary will be providing calculations for almost all deferrals and will track annual amortization amounts for employer participants
- OSA has identified participant employer auditors to do census data testing on a sample basis – for TSERS this was local school systems
  - Local government and school system auditors should be doing some of this testing already to make sure payroll expense and liabilities are correctly stated
  - In future years, participant employers will be chosen in the Spring

25

North Carolina Department of State Treasurer  
State and Local Government Finance

Learn. Invest. Grow. Prosper.

## GASB 68 in NC

### Training and Communication

- Training for finance staff and employer participant independent auditors
- Communications to citizens and elected officials
- Will be developing additional training tools including webinars, memos, illustrative financials, workbooks, FAQs, and possibly regional training sessions
- Have developed communications tool to help governments communicate all of this to citizens and elected officials – Q&A Memo #2015-04

# New Uniform Consolidated Grants Guidance

From Accountability for Compliance to Accountability for Results

The Honorable Jim Taylor and Robert Shea

December 2014

## Agenda

- Background
- Former circulars
- Consolidated Resources
- New Guidance
- Effective Dates
- Measuring Success
- Major Changes
  - ✓ Definitions
  - ✓ Change in the audit threshold
  - ✓ Single Audit Act changes
  - ✓ Adoption of Risk Compliance

Slide 2

## Background

- Multiple sources of guidance, some conflicting, put grantees at risk of non-compliance, audit findings, or worse
- Compliance activities often divert resources from a focus on results
- The new guidance streamlines 8 federal regulations into a single comprehensive policy guide

**The goal:** better administration of \$600 b in grants and other financial assistance; greater focus on results

© Grant Thornton LLP. All rights reserved.

## Background

- **Executive Order 13520** – Reducing Improper Payments and Eliminating Waste in Federal Programs

When the Federal Government makes payments to individuals and businesses as program beneficiaries, grantees, or contractors, or on behalf of program beneficiaries, it must make every effort to confirm that the right recipient is receiving the right payment for the right reason at the right time.

<http://www.whitehouse.gov/the-press-office/executive-order-reducing-improper-payments>

© Grant Thornton LLP. All rights reserved.

## Background

**Presidential Memorandum:** Administrative Flexibility, Lower Costs, and Better Results for State, Local, and Tribal Governments

"I am instructing agencies to work closely with State, local, and tribal governments to identify administrative, regulatory, and legislative barriers in Federally funded programs that currently prevent States, localities, and tribes, from efficiently using tax dollars to achieve the best results for their constituents."

[www.whitehouse.gov/the-press-office/2011/02/28/presidential-memorandum-administrative-flexibility](http://www.whitehouse.gov/the-press-office/2011/02/28/presidential-memorandum-administrative-flexibility)

© Grant Thornton LLP. All rights reserved.

 Grant Thornton | An instinct for growth™

## Background

- **M-13-17 Office of Management and Budget Memorandum: Next Steps in the Evidence and Innovation Agenda**

Because many Federal dollars flow to States, localities, and other entities through competitive and formula grants, grant reforms are an important component of strengthening the use of evidence in government. The goals include encouraging a greater share of grant funding to be spent on approaches with strong evidence of effectiveness and building more evaluation into grant-making so we keep learning more about what works. "

[www.whitehouse.gov/sites/default/files/omb/memorandum/2013/m-13-17.pdf](http://www.whitehouse.gov/sites/default/files/omb/memorandum/2013/m-13-17.pdf)

 Grant Thornton | An instinct for growth™

## Consolidated Circulars

The new guidance supersedes 8 OMB circulars that previously governed administrators and recipients of federal awards. They include:

A-21, A-87, A-89, A-102, A-110, A-122, A-133, parts of A-50.

© Grant Thornton LLP. All rights reserved.

## The New Guidance

- Title 2, Code of Federal Regulations: Grants and Agreements  
Part 200—Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards
  - Establishes uniform administrative requirements, cost principles, and audit requirements for Federal awards to non-Federal entities. No additional requirements (with exceptions)!
  - Systematic collection and uniform submission of information on Federal financial assistance programs to OMB.
  - Uniform administrative requirements agencies can impose
  - Principles for determining what are allowable costs
  - Standards for consistent / uniform audit of non-Federal entities

<http://www.ecfr.gov/cgi-bin/text-idx?SID=d690a3df30d95fe46b5270a50fdf847c&node=pt2.1.200&rgn=div5>

© Grant Thornton LLP. All rights reserved.

## Performance Management

Agencies must require recipients to relate financial data to **performance accomplishments and cost effectiveness**. The recipient's performance should be measured in a way that will help the Federal awarding agency and other non-Federal entities to improve program outcomes, share lessons learned, and spread the adoption of promising practices. (§200.301)

© Grant Thornton LLP. All rights reserved.

## Performance Management

### Metrics for Measuring Impact of Guidance

#### Administrative

Number of OMB-approved Exceptions Focused on Program Performance Over Compliance

#### Single Audit Metrics

- Number of Repeat Findings for Higher Risk Major Programs

#### Overall Impact on Burden and Waste, Fraud, and Abuse

- Policy change that most reduced risk of waste, fraud, and abuse, and dollar value of impact

[www.whitehouse.gov/sites/default/files/omb/memoranda/2014/m-14-17.pdf](http://www.whitehouse.gov/sites/default/files/omb/memoranda/2014/m-14-17.pdf)

© Grant Thornton LLP. All rights reserved.

## Internal Controls

Awardees must "[e]stablish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is **managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award**. These internal controls should be in compliance with guidance in "Standards for Internal Control in the Federal Government" issued by the Comptroller General of the United States and the "Internal Control Integrated Framework", issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO)." (§200.303)

© Grant Thornton LLP. All rights reserved.

## Treatment of Costs

- **The goal:** reduce burden
- Total cost direct + allocable indirect - applicable credits.
- Direct costs: identified specifically with a particular final cost objective, such as a Federal award, or other internally or externally funded activity, or that can be directly assigned to such activities relatively easily.
- Indirect costs: incurred for a common purpose benefitting more than one cost objective, and not readily assignable to the cost objectives specifically benefitted, without effort disproportionate to the results achieved.
- A cost is allocable to an award if goods or services are chargeable to that award or cost objective in accordance with benefits received.

© Grant Thornton LLP. All rights reserved.

## Treatment of Costs

- Because time and effort reporting was deemed to be unreasonably burdensome, the new guidance relaxes the requirement for time and effort reporting.
- The new guidance:  
*"Charges to Federal awards for salaries and wages must be based on records that accurately reflect the work performed. These records must:*
  - (i) Be supported by a system of internal control which provides reasonable assurance that the charges are accurate, allowable, and properly allocated."*
- Theoretically, **a sound system of internal controls should satisfy audit scrutiny.**

© Grant Thornton LLP. All rights reserved.

## Oversight

- Unless approved by OMB, **agencies may not solicit data elements other than those in the standard, OMB-approved governmentwide data elements for collection of financial information.**
- The non-Federal entity is responsible for oversight of the operations of the Federal award supported activities. The non-Federal entity must monitor its activities under Federal awards to assure compliance with applicable Federal requirements and performance expectations are being achieved.
- The Data Collection Form can be found here:  
<https://harvester.census.gov/facweb/files/2013%20Form%20SF-SAC.pdf>

© Grant Thornton LLP. All rights reserved.

## Audit

- **Single Audit Threshold:** \$750,000
- Audit is to be in lieu of any financial audit of Federal awards required to undergo under any other Federal statute or regulation. Federal agencies must generally rely on and use that information.
- State, local government, or Indian tribe required to undergo audits less frequently than annually permitted to undergo its audits biennially.

© Grant Thornton LLP. All rights reserved.

 Grant Thornton | An instinct for growth™

## Effective Dates

- Federal agencies must issue regulations implementing this guidance by **December 26, 2014**.
- Requirements will apply to audits of fiscal years beginning on or after **December 26, 2014**.

© Grant Thornton LLP. All rights reserved.

 Grant Thornton | An instinct for growth™

## Next Steps

- Release of the Single Audit Act Compliance Supplement
- OMB to review agency implementing regulations
- Agency implementing regulations effective December 26, 2014

# **Office of State Controller Financial Conference State Auditor's Update**

December 16, 2014

**Beth A. Wood, CPA, State Auditor**

1

## **State Auditor's Update Objectives**

---

- ✓ **Discuss of Most Common Deficiencies in 2013 Single Audit**
- ✓ **Discussion of Findings for 2014**
- ✓ **Discussion of the Affect of Super Circular on Future Audits of Federal Grants**
- ✓ **Discussion of Future Financial Statement Audits**

2

## State Auditor's Update Federal Expenditures

---

- ✓ \$22.3B - Federal Expenditures
  - ✓ \$3.3B – Expended by Subrecipients

3

## State Auditor's Update History of Number of Findings

---

- ✓ 2013 – 91 Findings
- ✓ 2012 – 88 Findings
- ✓ 2011 – 136 Findings
- ✓ 2010 – 133 Findings
- ✓ 2009 - 168 Findings

4

## State Auditor's Update Types of Findings

---

✓ Internal Control Findings

**VS**

✓ Compliance Findings

5

## State Auditor's Update Most Commonly Written

---

- ✓ Deficiencies in Subrecipient Monitoring
- ✓ Deficiencies in County Eligibility Determination
- ✓ Federal Reporting
- ✓ Allowable Costs/Cost Principles

6

## State Auditor's Update Subrecipient Monitoring

---

- ✓ Agency Monitoring Plans Not Followed
- ✓ Monitoring Visits Not Documented
- ✓ No Procedures to Ensure Monitoring Reports Reviewed/Results Communicated
- ✓ Monitoring Reports Not Viewed Timely
- ✓ Not All Monitoring Procedures Completed
- ✓ Corrective Actions Not Required

7

## State Auditor's Update Eligibility

---

- ✓ Grant Applications for Subrecipients Not Reviewed
- ✓ Deficiencies in Eligibility Determinations
- ✓ Files Missing

8

## State Auditor's Update Federal Reporting

---

- ✓ Timely Federal Reporting
- ✓ Inaccurate Reports
- ✓ Did not Submit Required Reports at All

9

## State Auditor's Update Allowable Costs/Cost Principles

---

- ✓ Agency Paid for Unallowable Items

10

## State Auditor's Update 2014 Findings

---

- ✓ Control Environment Finding
  - ✓ Repeat Findings
- ✓ Super Circular "REQUIRES" Designation of Repeat Findings

11

## State Auditor's Update Affects of Super Circular

---

- ✓ Increase in Audit Threshold
- ✓ Change in Risk-Based Approach
  - ✓ Type A/Type B Threshold
  - ✓ Criteria For Determining Type A as Low-Risk
  - ✓ Criteria for Choosing Type B Programs

12

## **State Auditor's Update** **Affects of Super Circular (cont'd)**

---

- ✓ Change in % of Coverage
- ✓ Increase in Threshold for Reporting Questioned Costs

13

## **State Auditor's Update** **Affects of Super Circular**

---

- ✓ On the Horizon:
  - ✓ Going From 14 Compliance Requirements to 6 Compliance Requirements

14

## State Auditor's Update Compliance Requirements

- 
- A. Activities Allowed/Unallowed**
  - B. Allowable Cost/Cost Principles**
  - C. Cash Management**
  - D. Davis-Bacon Act
  - E. Eligibility**
  - F. Equipment and Real Property Management
  - G. Matching, Level of Effort, Earmarking**
  - H. Period of Availability Federal Funds
  - I. Procurement, Suspension & Debarment
  - J. Program Income
  - K. Real Property Acquisition, Relocation Assistance
  - L. Reporting**
  - M. Subrecipient Monitoring**
  - N. Special Tests and Provisions**

15

## State Auditor's Update Compliance Requirements

- 
- A. Activities Allowed/Unallowed, B. Allowable Cost/Cost Principles; G. Matching, H. Availability of Federal Funds**
  - C. Cash Management**
  - E. Eligibility**
  - L. Reporting**
  - M. Subrecipient Monitoring**
  - N. Special Tests and Provisions**

16

**State Auditor's Update**  
**Audit of NC Financial Statements**  
**Going Forward**

---

- ✓ Users of NC Audited Financial Statements
- ✓ Legislative Request
- ✓ Financial Statements/More Detail/Audited

17

**State Auditor's Update**  
**Audit of NC Financial Statements**  
**Going Forward**

---

- ✓ Agencies Requested
  - ✓ Department of Health and Human Services
  - ✓ Department of Public Instruction
  - ✓ Department of Public Safety
  - ✓ Department of Revenue
  - ✓ Department of the Treasurer
  - ✓ Department of Transportation

18

**State Auditor's Update**  
**Audit of NC Financial Statements**  
**Going Forward**

---

- ✓ Rationale for the Request
- ✓ Affect to Audit of NC Financial Statements

19

**State Auditor's Update**  
**State Controller's Financial Conference**

---

Questions?

# The Uniform Guidance: Impact for UNC Institutions of Higher Education

Sarah Smith

Director of Sponsored Programs  
UNC General Administration

WWW.NORTHCAROLINA.EDU

## Background

- Uniform Guidance (2 CFR 200) consolidates the regulations previously codified in Federal circulars applicable to non-Federal entities for administrative requirements, cost principles and audit into a single set of regulations.  
<http://www.ecfr.gov/cgi-bin/text-idx?SID=ed90f54836feb6a994f657188eb05e33&node=2:1.1.2.2.1&rgn=div5>
- COFAR Frequently Asked Questions  
<https://cfo.gov/wp-content/uploads/2014/11/2014-11-26-Frequently-Asked-Questions.pdf>
- Streamline and reduce administrative burden

WWW.NORTHCAROLINA.EDU

## Higher Education Policy Organizations

- Council on Government Relations (COGR)
- Federal Demonstration Partnership (FDP)
- American Association of Universities (AAU)
- Association of Public and Land-grant Universities (APLU)

[WWW.NORTHCAROLINA.EDU](http://WWW.NORTHCAROLINA.EDU)

## Timeline

- Comments Round 1, April 2012
- Comments Round 2, May 2013
- UG released December 26, 2013
- Agency implementing regulations by December 26, 2014

[WWW.NORTHCAROLINA.EDU](http://WWW.NORTHCAROLINA.EDU)

## Application of the UG

- New awards after this date are subject
- Incremental funding on existing awards made after this date may be subject
- Existing awards with no further funding will be subject to the current OMB Circulars
- Non-Federal entities are NOT required to segregate and track old and new funds but may do so at their discretion

WWW.NORTHCAROLINA.EDU

## Important Dates

- July 1, 2015  
Beginning of the FY subject to the audit requirements under the UG
- July 1, 2016  
Procurement Regulations become effective
  - FDP is working on recommendations for micro purchases

WWW.NORTHCAROLINA.EDU

## Organization of the Uniform Guidance

- Subpart A, 200.xx Acronyms and Definitions
- Subpart B, 200.1xx General Provisions
- Subpart C, 200.2xx Pre-award Requirements and Contents of Federal Awards
- Subpart D, 200.3xx Post Federal Award Requirements
- Subpart E, 200.4xx The Cost Principles
- Subpart F, 200.5xx Audit Requirements
- Appendices (11 total)

WWW.NORTHCAROLINA.EDU

## Concepts in the UG

- UG informs the maximum requirements Federal agencies can impose
- UG informs minimum standards that non-Federal recipients must adhere to
- UG reduces duplicative and conflicting provisions that were in the circulars
- Use of should and must
  - Should – best practice for non-Federal entity
  - Must – actual requirements for Federal and non-Federal entities

WWW.NORTHCAROLINA.EDU

## Subparts A - Definitions

- 200.1-99 Definitions – applicable to all sections of the UG and types of awards
- 200.12 Capital Assets and intellectual property (including software) whether acquired or purchased
- 200.20 Computing devices means machines used to acquire, store, analyze, process, and publish data and other information electronically, including accessories (peripherals) for printing, transmitting and receiving, or storing electronic information

## Definitions

- 200.48 General purpose equipment means equipment which is not limited to research, medical, scientific or other technical activities. Examples include office equipment and furnishings, modular offices, telephone networks, information technology equipment and systems, air conditioning equipment, reproduction and printing equipment and motor vehicles.
- 200.58 Information technology systems means computing devices, ancillary equipment, software, firmware, and similar procedures, services (including support services) and related resources.

## Definitions

- 200.67 Micro-purchase means a purchase of supplies or services using simplified acquisition procedures, the aggregate amount of which does not exceed the micro purchase threshold. The micro purchase threshold is currently \$3,000.

## Definitions

- 200.68 Modified total direct cost means all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and subawards and subcontracts up to the first \$25K of each subaward or contract. MTDC excludes **equipment**, capital expenditures, charges for patient care, **rental costs**, tuition remissions, scholarships, fellowships, **participant support costs** and the portion of each subawards and subcontracts in excess of \$25K. Other items may only be excluded when necessary to avoid a serious inequity in the distribution of indirect costs, and with the approval of the cognizant agency for indirect costs.

## Definitions

- 200.75 Participant support costs means direct costs of items such as stipends or subsistence allowances, travel allowances, and registration fees paid to or on behalf of participants or trainees (but not employees) in connection with conferences, or training projects.
- 200.94 Supplies means all tangible personal property other than those described in 200.33 equipment. A computing device is a supply if the acquisition cost is less than the lesser of the capitalization level established by the non-Federal entity for financial statement purposes or \$5K, regardless of the useful life.

## Administrative Requirements

- 200.112 Conflict of interest - The Federal awarding agency must establish conflict of interest policies for Federal awards. The non-Federal entity must disclose in writing any “potential” conflict of interest to the Federal awarding agency or pass-through entity in accordance with applicable Federal awarding agency policy.

## Administrative Requirements

- 200.205 Federal awarding agency review of risk posed by applicants
  - SAM.GOV registry to determine eligibility – feds must have a framework for evaluating risk posed by applicants prior to award. Agencies may take a risk based approach and may consider:
    - Financial stability
    - Quality of management systems
    - History of performance
    - Reports and findings from audits performed under UG
    - Applicant’s ability to effectively implement statutory, regulatory or other requirements

## Administrative Requirements

- 200.301 Performance management
  - Federal awarding agencies must require recipients to use OMB-approved standard government-wide information collections to provide financial and performance information.
  - Recipients must be required to relate financial data to performance accomplishments, and must also provide cost information to demonstrate cost effective practices.

## Administrative Requirements

- 200.303 Internal Controls: non-Federal entities must establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations and terms and conditions of the Federal award.)
  - Compliance with Federal regulations, terms and conditions
  - Evaluate and monitor compliance
  - Prompt action when non-compliance is identified including identified in audit findings
  - Institute reasonable measures to safeguard PPII

WWW.NORTHCAROLINA.EDU

## Administrative Requirements

- 200.308 - Revision of budget or program plan
  - Prior approval needed to rebudget from PSC
  - Restriction of rebudgeting training costs is removed
  - PI can be away from the campus and remain engaged in the project. Prior approval is only required when PI is “disengaged” from the project for more than 3 months or there is a 25% reduction in time devoted to the project

WWW.NORTHCAROLINA.EDU

## Administrative Requirements

- 200.313 Equipment
  - Property records must be maintained that include a description of the property, a serial number or other identifier, the source of funding (including Federal award number), who holds title, the acquisition date, the cost of the property, and the percentage of Federal participation in the project costs of the Federal award under which the property was acquired, the location, use and condition of the property, and ultimate disposition data, including date of disposal and sale price.

WWW.NORTHCAROLINA.EDU

## Administrative Requirements

- 200.314 Supplies
  - Title to supplies will vest in the non Federal entity upon acquisition. If there is a residual inventory of unused supplies exceeding \$5K in total aggregate value upon termination or completion of the project and the supplies are not needed for another Federal award, the non Federal entity must retain the supplies for use on other activities or sell them, but must, in either case, compensate the Federal government for its share of the residual supplies.

WWW.NORTHCAROLINA.EDU

## Administrative Requirements

- Procurement Standards
  - OMB has issued a one-year grace period for implementation of the procurement standards
  - 200.318(c)(1) the non-Federal entity must maintain written standards covering conflicts of interest and governing the performance of its employees engaged in the selection, award and administration of contracts
  - Procurement by micro purchase (200.320)

WWW.NORTHCAROLINA.EDU

## Administrative Requirements

- Procurement Standards
  - Procurement by micro purchase is the acquisition of supplies or services, the aggregate dollar amount which does not exceed \$3K (or \$2K in the case of acquisition for construction subject to David-Bacon). To extent practicable, the non-Federal entity must distribute micro purchases equitably among qualified suppliers. Micro purchases may be awarded without soliciting competitive quotations if the non Federal entity consider the price to be reasonable.

WWW.NORTHCAROLINA.EDU

## Administration Requirements

- Procurement Standards
  - New category of micro purchase which appears to allow purchases up to \$3K without competition
  - Implication is that purchases of >\$3K would have to be competitive in some way
- 200.320 5 methods of procurement
  - Micro purchases: require no competition if cost is reasonable, are \$3K or less and can be equitably distributed among qualified suppliers
  - Small Purchase: can be up to the simple acquisition threshold of \$150K, price and rate quotes must be obtained (more than one), no cost or price analysis is required

WWW.NORTHCAROLINA.EDU

## Administrative Requirements

- Procurement Standards
  - Sealed bids: preferred method for construction, used for procurements over \$150K, price is a major factor (lowest bid)
  - Competitive proposals: procurements over \$150K, utilizes an RFP that includes evaluative methods, awarded with either a firm fixed price or cost reimbursement type contract

WWW.NORTHCAROLINA.EDU

## Administrative Requirements

- Procurement Standards
  - Non-competitive bid (sole source): may be used when one or more of the following apply:
    - The item is available only from a single source
    - The public exigency or emergency for the requirements will not permit a delay resulting from a competitive process
    - The Federal awarding agency (or pass through) expressly authorizes this method in response to a written requires from the non-Federal entity
    - After solicitation of a number of sources, competition is determined inadequate
    - For scientific reasons

## Administrative Requirements

- Subrecipient Management
  - 200.330 explains the roles of subrecipients and contractors so that the non-Federal entity can determine the relationship and the applicable requirements
    - A non-Federal entity provides a subaward to a subrecipient based on a Federal assistance relationship between the non-Federal entity and the subrecipient
    - A non-Federal entity provides a contract to a contractor for the purpose of obtaining goods or services and creates a procurement relationship
    - What the document is called does not matter, it's the relationship between the non-Federal entity and the subrecipient or contractor

## Administrative Requirements

- Subrecipient Management
  - Pass through entities must make case by case determinations whether each agreement it makes for disbursement of Federal program funds casts the party receiving the funds in the role of subrecipient or contractor

## Administrative Requirements

- Subrecipient Risk Assessment
  - Evaluate each subrecipient's risk of non-compliance with Federal statutes, regulations, and the terms and conditions of the subaward for purposes of determining the appropriate subrecipient monitoring which may include considers such as:
    - Experience with similar awards
    - Results of previous audits
    - Whether subrecipient has new personnel or new or substantially changed systems
    - Extent and result of Federal awarding agency monitoring of the subrecipient

## Administrative Requirements

- Subrecipient Risk Assessment
  - Pass through entities are required to use the Federal Audit Clearinghouse to verify audit reports (200.512)
  - Depending on risk assessment
    - Provide subrecipient with training and technical assistance
    - Perform on site reviews
    - Arrange for agreed upon procedure engagements (requires prior approval 200.425)

WWW.NORTHCAROLINA.EDU

## Administrative Requirements

- **200-331 Requirements for pass through entities** – pass-throughs must include specific information in the subaward, or when the subaward changes
  - FAIN, DUNS, F&A rate for the Federal award, requirements imposed by the pass through, requirements to provide access to records for audit
  - Conduct a risk assessment to determine appropriate monitoring and must monitor the subrecipient
  - Consider if specific subaward conditions are needed
  - Verify subrecipients have audits in accordance with Subpart F of 2 CFR 200
  - Make necessary adjustments to the pass through entity's records based on reviews and audits of subrecipients
  - Consider actions to address subrecipient noncompliance
  - Report in accordance with FFATA

WWW.NORTHCAROLINA.EDU

## Administrative Requirements

- Subrecipient Monitoring
  - 200.331(d) When monitoring ensure financial and programmatic reports are received and reviewed
    - Follow up to ensure subrecipients take appropriate action on all deficiencies pertaining to the subaward from the pass through entity identified through audits, onsite reviews and other means
    - Issue a management decision (timely) for audit findings pertaining to subawards made by the pass through entity
    - Verify that subrecipients are audited, as required
    - If applicable, arrange for agreed upon procedures for audit

WWW.NORTHCAROLINA.EDU

## Administrative Requirements

- Subrecipient Monitoring
  - 200.425 Audit services
    - pass throughs may charge Federal awards for the cost of agreed upon procedures engagements to monitor subrecipients who are exempted from requirements of the Single Audit Act and Subpart F

WWW.NORTHCAROLINA.EDU

## Subpart E-Cost Principles

### Items of Interest to UNC Campuses

- Administrative/Clerical Salaries
- Indirect Cost Rates
- Compensation – personal services, time & attendance, terminal leave payout
- Publication Costs, Losses on Other Awards, Taxes, Computing Devices, Cost Accounting Standards
- 200.407 lists the 22 items that require prior approval (including administrative salaries)

WWW.NORTHCAROLINA.EDU

## Cost Principles

- 200.413 Direct Costs
  - Salaries of administrative and clerical staff should normally be treated as indirect (F&A) costs. Direct charge may be appropriate if ALL of the following conditions are met:
    - The administrative or clerical services are integral to the project or activity
    - Individuals involved can be specifically identified with the project or activity
    - Such costs are explicitly included in the proposal budget or have the prior written approval of the agency. The costs are not also recovered as an indirect cost

WWW.NORTHCAROLINA.EDU

## Cost Principles

- 200.414(f) - Indirect costs
  - 200.414(f) afford the 10% de minimis rate that can be used by non-Federal entities that do not have a negotiated F&A rate and can be used indefinitely

WWW.NORTHCAROLINA.EDU

## Cost Principles

- 200.419 Cost Accounting Standards
  - Cost Accounting Standards (CAS) 501, 502, 505 and 506 apply to Universities that receive \$50M or more in Federal awards over a fiscal year
  - The Disclosure Statement (DS-2) Threshold is \$50M in annual Federal awards.
  - Amendments to the DS-2 must be filed six months in advance of a disclosed practice being changed – cognizant agency then has six month time frame to approve or express concerns

WWW.NORTHCAROLINA.EDU

## Cost Principles

- 200.430 (h) Compensation - IHE Allowable Activities
  - Delivering special lectures about specific aspects of ongoing activity
  - Writing reports and articles
  - Developing and maintaining protocols (animals, humans, etc.)
  - Managing substances/chemicals
  - Managing and securing project specific data
  - Coordinating research subjects
  - Participating in appropriate seminars
  - Consulting with colleagues and graduate students
  - Attending meetings and conferences

## Cost Principles

- 200.430(8)(c)(x) Compensation
  - It is recognized that teaching, research, service and administration are often inextricably intermingled in an academic setting. When recording salaries and wages charged to Federal awards for IHEs, a precise assessment of factors that contribute to costs is therefore not always feasible, nor is it expected

## Cost Principles

- 200.430 (i) Compensation Standards of Documentation
  - Periodic certifications of effort (time and effort reporting) are no longer explicitly required
  - Must be supported by a system of internal controls
  - Must be incorporated into the entity's official records
  - Must reasonably reflect total activity (Federal and non-Federal)
  - Must comply with institution's accounting policies
  - Must support the distribution of employee's salary among specific activities

## Cost Principles

- Significant changes in activity are entered into the entity's records timely
- System of internal controls includes processes to review after-the-fact interim changes. Final amount charged is accurate, allowable and properly allocated
- For records that meet these standards, the non-Federal entity will NOT be required to provide additional support or documentation for work performed

## Cost Principles

- 200.431(b) Compensation – Fringe Benefits
  - The cost of fringe benefits in the form of regular compensation paid to employees during period of authorized absences from the job, such as for annual leave, family-related leave, sick leave, holidays, etc., are allowable if all of the following criteria are met:
    - They are provided for under established written leave policies
    - The costs are equitably allocated to all related activities, including Federal awards
    - The accounting basis (cash or accrual) selected for costing each type of leave is consistently followed by non-Federal entity or special grouping of employees

WWW.NORTHCAROLINA.EDU

## Cost Principles

- 200.431 (b) Compensation – Fringe Benefits
  - (i) when a non-Federal entity use the cash basis of accounting, the cost of leave is recognized in the period that the leave is taken and paid for. Payments for unused leave when an employee retires or terminated employment are allowable ~~as indirect costs~~ in the year of payment.  
TECHNICAL CORRECTION EXPECTED

WWW.NORTHCAROLINA.EDU

## Cost Principles

- 200.451 Losses on Other Awards
  - Any excess of costs over authorized funding levels transferred from any award or contract to another award or contract is unallowable. All losses are not allowable indirect (F&A) costs and are required to be included in the appropriate indirect cost rate base for allocation of indirect costs.

## Cost Principles

- 200.453 (c) Material and Supplies Costs
  - Charging computing devices (laptop and desktop computers and associated supplies) as direct costs are allowable for devices that are essential and allocable, but not solely dedicated, to the performance of the Federal award
  - Computing devices, defined as supplies when the cost is the lesser of the entity's capitalization level of \$5K, are subject to the less burdensome administrative requirements of supplies (as opposed to equipment) if the acquisition cost is less than the capitalization threshold.

## Cost Principles

- 200.461 – Publication and Printing Costs
  - The non-Federal entity may charge the Federal award before closeout for the costs of publication or sharing of research results if the costs are not incurred during the period of performance of the Federal award.

## Cost Principles

- Taxes (including value added tax)
  - Value Added Tax (VAT) Foreign taxes charged for the purchase of goods or services that a non-Federal entity is legally required to pay in country is an allowable expense under Federal award.

## Subpart F –Audit Requirements

- Modifications have been made in an effort to
  - Strengthen oversight and the risk-based approach to determine major programs
  - Shift the audit focus to areas at greatest risk of fraud, waste and abuse
  - Increase transparency of audit results
  - Increase accountability

## Audit

- 200.051 – Audit Requirements
  - non-Federal entities that expend \$750K or more in Federal awards during their fiscal year must have a single audit conducted unless they elect to have a program-specific audit.

## Audit

- 200.512 – Report Submission
  - The Federal Audit Clearinghouse (FAC) is the repository of record and all auditees are required to submit the reporting package and the data collection form electronically to the FAC
  - All Federal agencies, pass-through entities and other interested in a reporting package and data collection form must obtain it from the FAC
  - Auditees are required to submit the Single Audit Report to the FAC for publication online with safeguards for protected personally identifiable information
  - The FAC must make the reporting packages available to the public

## Audit

- 200.516(a)(3) Increases the threshold for reporting known and likely questioned costs to \$25K
- 200.516(b)(6) Requires that questioned costs be identified by CFDA number and applicable Federal award identification number
- 200.516(b)(8) Requires identification of whether audit finding is a repeat from the immediate prior audit and if so the prior year audit finding number
- 200.516(c) Requires audit finding numbers be in the format prescribed by the data collection form

## Summary

- **Definitions and Administrative Requirements**
  - Computing Devices/General purpose equipment/Supplies
  - Compensation/Fringe Benefits
  - Micro Purchase
  - Subrecipient risk assessment and monitoring
- **Cost Principles**
  - Administrative/clerical salaries, compensation
  - materials/supplies, publications, losses on other awards,
- **Audit**
  - Increased single audit threshold

# BIG DATA AGENDA

- What?
- Why?
- How?
- Where?

# WHAT

"Big data is what happened  
when the **cost of storing  
information became less than  
the cost of making the decision  
to throw it away.**"

George Dyson

## Big Data (*Noun*)

Data of such volume, variety or velocity that an organization must move ***beyond its comfort zone*** technologically to derive intelligence for effective decisions. Unstructured data introduces more variability and complexity.

## **BIG DATA** INTERESTING FACTS

<http://bcove.me/1te37l04>

## BIG DATA INTERESTING FACTS

- By 2020 Emerging Markets will lead the world in growth of data
- Within 5 – 6 years there will be more than 2.8 Zetabytes of data captured
  - KB, MB, GB, TB, PB, EB, ZB
  - 50X larger than today
- By 2016 there will be enough data accumulated equivalent to a 2 lane highway reaching from Tokyo to San Francisco
- Nearly ½ of the worlds data is unprotected
- Only .5% of all data is actually analyzed
- Data → Information → Knowledge → Wisdom

- Look beyond traditional metrics
- Out of the box thinking, be creative
- Look for new knowledge, uncover inefficiencies
- Find Value & Innovate out of necessity

# THE SCARCE APPROACH

# THE SCARCE APPROACH

# THE SCARCE APPROACH

# THE ABUNDANT APPROACH

# WHERE

# LOS ANGELES COUNTY DSS

## BUSINESS ISSUES

- Needed to uncover systemic fraud in delivery of social services to economically disadvantaged citizens.

## EXPECTED RESULTS

- Investigators can spot more cases of fraud sooner, resulting in fewer losses, lower investigative costs and greater public confidence.
- Total cost avoidance projected from the pilot results is expected to exceed \$6.8 million.

## US STATE AND LOCAL GOVERNMENT

“The system analyzes social networks to determine if individuals are likely to commit fraud. Social network analysis also helps identify collusive fraud rings companion cases.

The bottom line: more than \$6.8 million in savings.”

# NEW YORK STATE DEPARTMENT OF HEALTH BUREAU OF NARCOTIC ENFORCEMENT (BNE)

## BUSINESS ISSUES

- More effectively detect and investigate suspicious activities around narcotics prescriptions in the state.
- Lacked data driven decisioning for effective prescription drug monitoring, including:
  - **Prescribers.** Which prescribers have suspicious or unusual behavior patterns that warrant further investigation? What are common characteristics of prescribers who engage in inappropriate and/or unlawful prescribing patterns?
  - **Patients.** Which patients have suspicious or unusual prescription patterns that warrant further investigation or intervention?
  - **Dispensers.** Which dispensers (e.g., pharmacists) are not reporting filled prescriptions accurately and/or timely?

## EXPECTED RESULTS

- Increase the value of its data by using it to reduce illegal use and abuse of prescription narcotics.
- Will be able to:
  - Use its limited resources more effectively and better focus its investigation efforts.
  - Empower non-analysts to benefit from the data that can aid in investigations.
  - Identify network individuals who are conducting illegal activity.

## US STATE AND LOCAL GOVERNMENT

"The abuse of prescription medications has reached epidemic proportions and the costs to society are enormous."

**Thomas DiNapoli**  
New York State  
Comptroller

# COMMONWEALTH OF KENTUCKY

## BUSINESS ISSUES

- Leveraging federal funds with ever-tightening federal and state budgets.
- Kentucky sought to save taxpayer dollars by tackling fraud within its government programs.
- Take a more holistic approach to confronting fraud, thereby reducing improper payments and lessening the impact of fraud, waste and abuse.

## EXPECTED RESULTS

- By approaching fraud, waste and abuse at an enterprise level, Kentucky is able to identify misspent funds that can be put back into state coffers.
- Key sponsors within Kentucky state government see this as an opportunity to use analytics more widely across all state government agencies

## UNITED STATES STATE & LOCAL GOVERNMENT

"SAS Fraud Framework became a part of Kentucky's Health Benefits Exchange in late 2012. This success led to an enterprise license of the SAS Fraud Framework to the Commonwealth of Kentucky for use beyond the Cabinet for Health and Family Services. This was all made possible by Kentucky's early recognition of the value of addressing fraud, waste and abuse on an enterprise level rather than the typical, siloed approach."

### Commonwealth of Kentucky

# CITY OF MARKHAM

## BUSINESS ISSUES

- Growing need for data integration and synchronization – over 60 different sources
- Desire for a consistent view of data across major business applications

## RESULTS

- Standard platform that spans multiple data management areas
- Production time reduced by up to 40% for applications requiring data integration
- Development of standard templates and enforced data standards
- Ability to have a unified and consistent view of addresses across major applications

## GOVERNMENT

“Having an accurate view of our organization, our customers and our business environment allows us to optimize profitability, mitigate risks and reduce costly operational inefficiencies.”

### Teodor Tecsá

Manager of Applications and GIS

# CUSTOMER CASE STORY

“SAS is committed to ensuring that we continue to have a leading-edge anti-fraud solution. We are very pleased with the results.”

Head of Group Fraud Risk,  
Global Security and Fraud Risk

## CREDIT CARD COMPANIES

### Business Issue

- Reduce incidence of fraud.
- Lower costs.
- Increase customer confidence.

### Results/Benefits

- Achieved significantly lower incidence of fraud across tens of millions of debit and credit card accounts.

# GOVERNMENT DATA ANALYTICS CENTER (GDAC)

## Government Data Analytics Center (GDAC)

The GDAC is an enterprise program to promote the use of North Carolina's **data as an asset** to support business decisions. The GDAC fosters interagency **collaboration** among and between the branches of governments and their sub-units to establish statewide business intelligence (BI) **standards**, to **improve data sharing, quality and consistency** and facilitate the identification, development and support of BI solutions for the State.

## "YOU GOTTA PLAY THE GAME, PLAY THE SYSTEM"

- 3.8 million dollar loss
- Multiple defendants and storefronts
- 4 Year Long Scheme
- Food stamp fraud
- Wire fraud
- Money laundering
- Money structuring
- Unlicensed money transaction business

## THE FOOD-STAMP CRIME WAVE THE NUMBER OF FOOD-STAMP RECIPIENTS HAS SOARED TO 44 MILLION FROM 26 MILLION IN 2007.

- The USDA's Food and Nutrition Service now has only 40 inspectors to oversee almost 200,000 merchants that accept food stamps nationwide.
- Wisconsin: nearly 2,000 recipients claimed they lost their card six or more times in 2010 and requested replacements.
- Wichita, Kansas : 13 people indicted in food stamp fraud case March 2011 (\$360,000)
- Phoenix, Arizona: 18 Indicted in Food Stamp Fraud Investigation July 2011 (\$700,000)
- \$8 million food stamp fraud mastermind pleads guilty to scam in New York City (City Human Resources Administration).

17

## DATA COMPROMISE

The Most Pervasive Crime Problem of this  
Millenium

## "CYBERCRIMINALS DON'T STRIKE IN ONE PLACE AND THEY DON'T WORK ALONE." DEE RADCLIFFE EC MAG

- Gonzalez and his accomplices
  - Communicated over carder forums
  - Their network spanned from San Diego to Estonia
  - Hacked into wireless point-of-sale (POS) and store networks by war-driving from parking lots. In the case involving Heartland, the suspects used SQL injection attacks
  - Two Russian co-conspirators hacked into corporate computer networks and secretly placed "malware," or malicious software, that allowed them backdoor access to the networks later to steal data
  - Indicted by U.S. DOJ with stealing more than 130M account numbers from card processor Heartland Payment Systems, 7-Eleven, others

## GLOBAL BUSINESS ENVIRONMENT

- IP is Core Business Asset;
- PII stored in IT system or utilized for payments;
- Few CISO Positions, IT Security is an Ancillary Duty;
- Open Work Environment;
- Global Footprint With Multiple Sites in High Risk Areas;
- Corporate Executives Not Sufficiently Aware of Full Scope of Threats
- Reliance on Internet
- All Data and Data Bases Treated the Same

## HOMELAND SECURITY CYBER PROJECT: GENERAL THREAT FINDINGS

- General Findings
  - Owners who outsource assume security is rolled into the service they are buying (it is not)
  - Largely, very little to no formal security policies or IT policies exist
  - No application of "defense in depth"
  - Lack of security trained personnel on-site
  - No active patch management performed
- Network Scan Results
  - All companies had some sort of nefarious activities, even ones with industrial grade enterprise security suites
  - **Most common threat appears to originate from Russian Business Network actors**
  - No APT detected over 4 week-long scans (Scanned 7 of 9 participants)
  - Most/all vulnerabilities could have been avoided through common security practices

## SPECIFIC THREATS FOUND

Specifically, CTB analysts discovered the following vulnerabilities:

- About 20 percent of one CTB participant's network computers were observed communicating with questionable IPs within the "co.kr", "com.cn", "com.ru", and "co.cc" domains.
- Numerous servers across all participants appeared to be compromised with:
  - Domain Name Server (DNS) exploits
  - Directly connecting to known Russian Business Network (RBN) IP addresses
  - Connecting to questionable domains such as www.h-r-connect.co.cc, as well as other co.cc domains.
  - Observed backdoors, Trojans and rootkits on two Unix based servers
- DropBox, a cloud storage service which has many associated vulnerabilities, was being used extensively to store company related data for two of the nine CTB participants
- The number of patches missing ranged between 112 and 742
- As high as 40% of computers at one site were observed communicating with known RBN IPs
- BotNet related activity was noted on one-third of the computers one particular network\

## MASS COMPROMISES

### The Early Compromises

- TJMax/Heartland/Hannaford: over 200 million PII
- RSA : Spear-phishing attack: undisclosed number
- Epsilon: 2500 corporate customers, millions of email addresses
- Sony: over 77 million user accounts and Credit Card data
- RBS Worldpay: \$9 million loss, 1.5 million PII
- Texas Comptroller's Office
- USAirways: PII of 3,000 pilots
- Michaels: POS skimmers

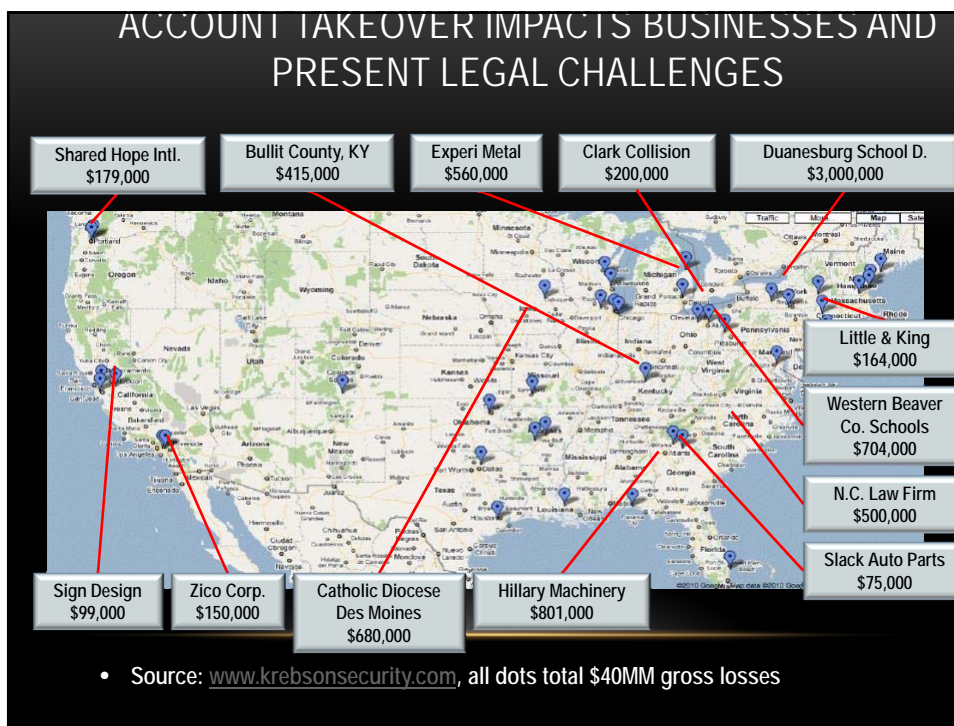

### Recent Compromises

- Target
- Home Depot
- Chase
- Stratfor

## RUSSIAN BUSINESS NETWORK

Per annual Verizon/U.S. Secret Service 2012 report  
83% of compromised computer records were  
attributed to organized crime.  
67% emanated from eastern Europe.

## 2102 RAND STUDY OF DARK MARKETS

- The hacker market has in some respects become more profitable than the illegal drug trade. The data hackers steal ends up on a network of illegal trading sites where they buy and sell large amounts of personal data for profit.

## MONEY MULES:

### Indicators

- Student or temporary work Visas
- April to late September
- Mules open multiple bank accounts
- Mules share addresses
- Common accounts
- Frequent International money wires
- Personal accounts with high velocity transfers business account
- Eastern European Passports

### Function Like "Smurfs"

27

## OPERATION TRIDENT BREACH: THE CRITICAL ROLE OF "MONEY MULES"

28

## OREGON DATA BREACH

- Names, birth dates, Social Security numbers, and other personally identifiable information belonging to about 850,000 job seekers in Oregon was exposed after hackers gained illegal access to a database containing the information at the State Employment Department. The names were part of the WorkSource Oregon Management Information System and pertained to individuals looking for jobs at state employment offices.

## UTAH DEPARTMENT OF HEALTH

- The health information and PII of more than 780,000 Utah citizens were put at risk when Eastern European hackers broke into a server maintained by the Utah Department of Technology Services this spring by taking advantage of poor authentication configuration following database migration to a new server.
- *Lessons Learned:* Poor authentication controls, uneven patch management, and dicey configuration management add a inordinate amount of risk to the database protection equation.

## NEW HAMPSHIRE DEPARTMENT OF CORRECTIONS

- In a case of the foxes running the hen house, the New Hampshire Department of Corrections found that inmates at a state correctional facility were able to access the main offender management database system. How so? That system was linked to a server that inmates working in the prison industries shops used. Access to the system would allow inmates to change items like parole dates and sentencing information, as well as view personally identifiable information on prison staff members.
- *Lessons Learned:* This case offers a stark example of why uber sensitive databases require special segmentation measures to keep them safe from side-channel attacks.

## FBI WARNS OF CYBERATTACKS LINKED TO CHINA THE FBI AND SECURITY COMPANIES HAVE OBSERVED 'RECENT INTRUSIONS'

BY JEREMY KIRK (TECHWORLD) PUBLISHED: 16 OCTOBER 2014

- "The FBI has recently observed online intrusions that we attribute to Chinese government affiliated actors," according to the FBI statement. "Private sector security firms have also identified similar intrusions and have released defensive information related to those intrusions."
- The U.S. government had continued to be vocal about cyberattacks and has directly called on China for greater cooperation. China has maintained it does not coordinate cyberattacks against U.S. companies and organizations and maintained it is a victim of such attacks as well.
- Security companies Cisco, FireEye, F-Secure, iSIGHT Partners, Microsoft, Tenable, ThreatConnect, ThreatTrack Security, Volatility, Novetta and Symantec said they conducted their first joint effort aimed at stopping hackers affiliated with "Operation Aurora," which struck 20 companies in 2009, including Google.

## APT: WHAT ARE THEY AFTER?

OBJECTIVE	INFORMATION	EXAMPLES
Intelligence	Research & Development	China Sea Exploration Results
	Corporate Strategy	Senior Exec E-Mail
	Litigation Strategy	Law Firm Case Material
	Government Direction	Monetary policy
	Weapons Systems	F35 Lightning Fighter Jet
	Negotiation Positions	Merger/Acquisition Plans

## WHAT SETS APT APART?

- They have thousands of custom versions of malicious code (malware) that circumvent common safeguards such as anti-virus
- They escalate the sophistication of their tools and techniques as a victim's capability to respond improves
- They maintain their presence within the victim network and, if lost, they repeatedly seek to regain that presence
- They target vulnerable people more often than they target vulnerable systems
- They specifically target victim firms — the intrusions are very different from commodity threats and other targeted attacks by organized crime syndicates

## FACTS

- Of 44 Fortune 500 companies subjected to Threat Assessment Process (TAP) 43 Were Determined to Have Malicious Chinese Malware On Their System and Sensitive Data Exfiltrated;
- All Started With Email PDF, PPT, Excel or Word Attachments;
- CEO Specifically Targeted;
- Intruders Commonly target email for marketing and pricing materials;
- Will Also Target Accounting and Law Firms Especially During Merger and Acquisition Activity;
- SEC filings and Public records show Dow and DuPont were hit hard by Chinese;

41

## STATE SPONSORED ECONOMIC ESPIONAGE

The three main Chinese government units that run intelligence operations are:

- The **Ministry of State Security**,
- The **Military Intelligence Department** of the People's Liberation Army and
- A small group known as the **Liaison Office** of the General Political Department of the Chinese army.

## CHINESE AGRICULTURAL RESEARCHER CHARGED UNDER ECONOMIC ESPIONAGE ACT FOR TRADE SECRET THEFTS AT DOW AND CARGILL

- On July 13, 2010, Kexue a/k/a "John" Huang, 48, a Chinese national who had been granted legal permanent resident status in the United States and a former resident of Carmel, Ind., was arrested in Westborough, MA and indicted on 17-counts in the Southern District of Indiana for misappropriating and transporting trade secrets to the People's Republic of China (PRC) while working as a research scientist at Dow AgroSciences LLC
- From January 2003 until February 2008, Huang was employed as a research scientist at Dow, where in 2005 he became a research leader in strain development related to unique, proprietary organic insecticides marketed worldwide.
- Huang admitted that while employed at Cargill, he stole a key component in the manufacture of a new food product, which he later disseminated to a student at Hunan Normal University in the PRC.
- The aggregate loss from Huang's criminal conduct allegedly exceeded \$7 million but was less than \$20 million

## EXAMPLES

### Recent Insider Thefts of Corporate Trade Secrets With a Link to China

David Yen Lee...chemist with Valspar Corporation...between late 2008 and early 2009 used access internal computer network to download about 160 secret formulas for paints and coatings to his own storage media...intended to take this proprietary information to a new job with Nippon Paint in Shanghai, China...arrested March 2009...pleaded guilty to one count of theft of trade secrets; sentenced in December 2010 to 15 months in prison.

Meng Hong...DuPont Corporation research chemist...in mid-2009 downloaded proprietary information on organic light-emitting diodes (OLED) to personal e-mail account and thumb drive...intended to transfer this information to Peking University, where he had accepted a faculty position; sought Chinese Government funding to commercialize OLED research...arrested October 2009...pleaded guilty to one count of theft of trade secrets; sentenced in October 2010 to 14 months in prison.

Yu Xiang Dong (aka Mike Yu)...product engineer with Ford Motor Company who in December 2006 accepted a job at Ford's China branch...copied approximately 4,000 Ford documents onto an external hard drive to help obtain a job with a Chinese automotive company...arrested in October 2009...pleaded guilty to two counts of theft of trade secrets; sentenced in April 2011 to 70 months in prison.

## PROGRAM "863"

- "In stealing, transferring and using the trade secrets, Kexue Huang, a/k/a 'John,' intended to benefit Hunan Normal University, the national Natural Science Foundation and the 863 Program. Each of these entities is a foreign instrumentality of the People's Republic of China," the Huang plea agreement said.
- Program 863 is known as the "National High Technology Research and Development Program of China," according to the indictment.

45

## CHINESE THREAT: SPEARPHISHING

- Chinese intelligence and military units, and affiliated private hacker groups, actively engage in "target development" for spear-phish attacks by combing the Internet for details about commercial employees' job descriptions, networks of associates, and even the way they sign their emails,
- Spear-phish attacks are "the dominant attack vector.
- Remote Access Trojans (RAT) are often used with Poison Ivy Variation.

46

## MORE CHINA FACTS

- An estimated **1.6 billion attacks** are launched from China each month, with some successful efforts breaching the computer systems of [the Pentagon](#) and those of the French, German and British [governments](#).
- In 2009, investigators discovered that Ghostnet, the largest-ever [network](#) of cyber attacks, could be traced back to China. The operation's command and control gained real-time control over 1,200 computers belonging to foreign embassies, international organizations and media groups in more than 100 countries according to experts,
- The biggest threat posed by attacks traced to China is the loss of industrial secrets.

## MITIGATIONS

Compromise And Fraud Is Not Inevitable

## "COMPUTER MATCHING"

- The Computer Matching and Privacy Protection Act of 1988 (Pub. L. 100-503), as amended, revised the Privacy Act to add procedural requirements that agencies must follow when matching certain electronic databases.
- The requirements include formal matching agreements between agencies, notice in the Federal Register of the agreement before matching may occur, and review of the agreements by Data Integrity Boards at both agencies.
- The Act provides an exemption for law enforcement from these administrative requirements, the exemption applies only when a specific target of an investigation has been identified.
- In 2010, the *Patient Protection and Affordable Care Act* amended the CMPPA to **exempt matches performed by the U.S. Department of Health and Human Services or its Inspector General** related to potential fraud, waste, or abuse.
- **Inspector Generals are seeking an IG exemption.**
- GAO exempt so it is free to conduct studies and expose missed matching opportunities.

49

## SSA MATCHING PROJECTS

- SSA saved \$580 million per year from OASDI prisoner suspensions by matching prisoner data from corrections facilities monthly against the Agency's OASDI and Supplemental Security Income (SSI) records, halting benefit payments to prisoners.
- For FY 2011, the Agency expects to save \$100 million, and by 2013, SSA projects approximately \$900 million in lifetime program savings for each year the Agency uses Automated Access to Financial Information (AFI) to match unreported assets or absence from the US for over 30 days.
- *Individuals Receiving Benefits Under More than One Social Security Number at Different Addresses*
- *SSI Recipients with Unreported Real Property*
- *OASDI Benefits Affected by State or Local Government Pension*
- *SSI Recipients Who Alleged Being Separated or Divorced*
- *Follow-up: Survivors' Benefits Paid in Instances When SSA Removed the Death Entry from a Primary Wage Earner's Record*

50

## CASE IN POINT

- [Federal Register Volume 76, Number 156 (Friday, August 12, 2011)] [Notices] [Pages 50198-50199] From the Federal Register Online via the Government Printing Office [[www.gpo.gov](http://www.gpo.gov)] [FR Doc No: 2011-20608]
- DEPARTMENT OF EDUCATION Privacy Act of 1974; Computer Matching Program AGENCY: Office of the Inspector General, U.S. Department of Education. ACTION: Notice of computer matching between the U.S. Department of Education and the U.S. Office of Personnel Management
- This program will assist in verifying the income information reported by Federal employees on the FAFSA. ED will compare the FAFSA income to the income listed in OPM/GOVT-1 General Personnel Records System (71 FR 35342, June 29, 2006).

51

## THE ROLE OF ANALYTICS: FRAUD RINGS LEAVE A TRAIL OF DATA THAT TRANSCENDS SILOS

- Email address
- PO Box
- IP address
- Phone number
- Physical address
- Account Number
- Personally Identifiable Information
- Electronic device profile

52

## STEPS TOWARDS MORE EFFECTIVE ENTERPRISE RISK MANAGEMENT

- Assessment of current state
  - Architecture
  - Risk Components
  - Data
  - Corporate Culture
  - Process
- Identify and prioritize risks
- Data Security/Segmentation
- Active Monitoring
- Network Scan
- Briefing and Feedback

## PHASE 2-ENTERPRISE RISK MANAGEMENT

- Design Enterprise Risk Governance Structure
  - End to End Consolidated Security Strategy
  - Converge Physical and IT Security
  - Training and Awareness
  - Corporate Culture
  - Metrics and Dashboards
  - Incident Management
  - Business Continuity
  - Screening and Monitoring
  - Supply Chain Security

## PERSONAL SECURITY

- Patch Updates
- Extra Authentication
- Keep a close eye on credit card and banking activity
- Take extreme care with online banking access: scramble userid and password keystrokes
- Shred
- Protect Data
- Educate yourself about phishing
- Lock down credit info

QUESTIONS?

# Creating and Maintaining Successful Work Relationships

Facilitator: Holly A. Basso, M. Ed

# Desirable Employee?

- Responsible
- Honest
- Confident
- Courteous
- Enthusiastic
- Helpful
- Encouraging

- Respectful
- Team worker
- Good communicator
- Good listener
- Works independently
- Receptive to instruction
- **Gets along with others**

# 3 Pronged Approach

1. Identify and understand your own style

2. Identify and understand the “styles” of others

3. Learn to mesh the two “styles” together

# Things to know...

- Not an attempt to:
  - Pigeon-hole
  - Label
  - Stereotype
- Is an attempt to:
  - Understand
  - Bridge the gap
  - Establish meaningful relationships with others

# Evaluate...

Extrovert

Introvert

# Evaluate...

Player

?

Worker

# Extrovert vs. Introvert

- Friendly
  - Outgoing
  - Energized by people
  - Think as they speak
  - Think best when talking
  - Need social interaction
- Introspective, shy
  - Enjoy thinking
  - Energized by being alone
  - Think before they speak
  - Drained by others
  - Need to recharge

# Worker vs. Player

- Work is most important
  - Work comes first
  - Annoyed by “slackers”
  - Have fun only if work is done
- Fun is most important
  - Fun comes first
  - Annoyed by “work-a-holics”
  - Prefer work if work is fun

# The “Styles”

Popular Sanguine	E X T R O V E R T S	Powerful Choleric
<b>PLAYERS</b>		<b>WORKERS</b>
Peaceful Phlegmatic	I N T R O V E R T S	Perfect Melancholic

# Keep in Mind...

- Everyone has a primary style
- Everyone has a secondary style
- Everyone has “a blend”
- Everyone should strive for balance

# The “Sanguine” Style

<p><b>Popular Sanguine</b>  <u>“The Talker”</u>          Fun-Loving          Optimistic          Animated &amp; Excited          Life of the Party          Undisciplined          Forgetful          Too Talkative          Eager for Credit</p>	<p>E X T R O V E R T S</p>	<p><b>Powerful Choleric</b></p>
<p><b>PLAYERS</b></p>		<p><b>WORKERS</b></p>
<p><b>Peaceful Phlegmatic</b></p>	<p>I N T R O V E R T S</p>	<p><b>Perfect Melancholic</b></p>

# Questions to Ponder

- Who do you know that might be a sanguine?
- How could you keep a sanguine happy?
- How could you best communicate with a sanguine?
- How could you best motivate a sanguine?

# The “Choleric” Style

<p>Popular Sanguine</p>	<p>E X T R O V E R T S</p>	<p><b>Powerful Choleric</b> “The Worker” Controlling Dynamic Decisive Goal-Oriented Outspoken Bossy Impatient Dominating</p>
<p><b>PLAYERS</b></p>		<p><b>WORKERS</b></p>
<p>Peaceful Phlegmatic</p>	<p>I N T R O V E R T S</p>	<p>Perfect Melancholic</p>

# Questions to Ponder

- Who do you know that might be a choleric?
- How could you keep a choleric happy?
- How could you best communicate with a choleric?
- How could you best motivate a choleric?

# The “Melancholic” Style

<p>Popular Sanguine</p>	<p>E X T R O V E R T S</p>	<p>Powerful Choleric</p>
<p><b>PLAYERS</b></p>		<p><b>WORKERS</b></p>
<p>Peaceful Phlegmatic</p>	<p>I N T R O V E R T S</p>	<p>Perfect Melancholic          “The Thinker”          Deep &amp; Purposeful          Sensitive to Others          Talented &amp; Creative          Analytical &amp; Orderly          Moody &amp; Negative          Too Introspective          Socially Insecure          Easily Depressed</p>

# Questions to Ponder

- Who do you know that might be a melancholic?
- How could you keep a melancholic happy?
- How could you best communicate with a melancholic?
- How could you best motivate a melancholic?

# The “Phlegmatic” Style

<p>Popular Sanguine</p>	<p>E X T R O V E R T S</p>	<p>Powerful Choleric</p>
<p><b>PLAYERS</b></p>		<p><b>WORKERS</b></p>
<p>Peaceful Phlegmatic “The Mediator” Easygoing Calm &amp; Relaxed Patient &amp; Inoffensive Quiet yet witty Unmotivated Unenthusiastic Indecisive Eager to Rest</p>	<p>I N T R O V E R T S</p>	<p>Perfect Melancholic</p>

# Questions to Ponder

- Who do you know that might be a phlegmatic?
- How could you keep a phlegmatic happy?
- How could you best communicate with a phlegmatic?
- How could you best motivate a phlegmatic?

# Deal Effectively with Others

1. Understand who you are
2. Try to understand who they are
3. Mesh the two together
  - ✓ Understand their needs
  - ✓ Empathize with them
  - ✓ Ask questions
  - ✓ Listen for understanding

**Can you identify the styles?**

**(A play in four parts...)**

# The Hat: Act One...

Imagine that this “Style” walks into a park and sits on a bench. He puts his hat down beside him and turns to read his paper. Meanwhile, someone comes along and accidentally sits on his hat. The hat, of course, goes flat.

When this “style” turns back and sees what has happened, he starts to laugh. To him, the hat looks funny!

# The Hat: Act Two...

The next “Style” sees his hat crushed and is filled with rage. He turns red in the face and starts yelling, “Now look what you’ve done! What kind of an idiot are you? Do you know how much this hat cost? You’re going to have to pay for it, you know!”

This “style” type will calm down only after he has been promised full compensation for the damage.

# The Hat: Act Three...

The third “Style” sees his crushed hat and starts moaning “oh, my beautiful hat – it’s ruined! I got it from my grandfather, and it meant so much to me. It will never be the same again.”

Nothing the offender says or does can make things right anymore.

# The Hat: Act Four...

Our last “Style” waits until the offender has gone.

He takes his flat hat and puts it calmly on his head and walks away.

# Sanguine

## Strengths

Storytelling  
Magnetic Personality  
Commanding Voice  
Friendly Nature  
Free Thinker  
Casual Attitude  
Unworried, Unhurried  
Loves to Shop  
Generous  
Spontaneous

## Weaknesses

Exaggerations & Lies  
Overbearing  
Loud Mouth  
Talks to Anyone  
Undisciplined  
No Sense of Time  
Late for Everything  
Overspends, In Debt  
Gives to Anyone  
Never Plans

# Questions to Ponder

- Why would a sanguine be useful at work?
- Why would a sanguine be useful on a work team?
- Why would it be challenging to have a sanguine at work?
- Why would it be a challenge to have a sanguine on a work team?

# Coping Skills 101: The Sanguine

- ✓ Difficulty in accomplishing tasks.
- ✓ Talk without thinking.
- ✓ Like variety and flexibility.
- ✓ Accept more than they can do.
- ✓ Frequently not on time.
- ✓ Enjoy praise.
- ✓ Remember "Shiny Objects."
- ✓ Use humor as coping mechanism.
- ✓ They mean well.

# Choleric

## Strengths

Strong Leader  
Quick Thinker  
Good at Business  
Works Hard  
Persuasive  
Strong-Willed  
Competitive  
Self-Reliant  
Straight Talk  
Fast Decisions

## Weaknesses

Bossy  
Foolhardy Decisions  
Impulsive  
Workaholic  
Con Artist  
Stubborn  
Must Win  
Too Independent  
Insulting  
Impatient

# Questions to Ponder

- Why would a choleric be useful at work?
- Why would a choleric be useful on a work team?
- Why would it be challenging to have a choleric at work?
- Why would it be a challenge to have a choleric on a work team?

# Coping Skills 101: The Choleric

- ✓ Born leaders.
- ✓ Insist on two-way communication.
- ✓ They don't mean to hurt.
- ✓ Don't push them.
- ✓ Divide areas of responsibility.
- ✓ Not always compassionate.
- ✓ Frequently right.

# Melancholic

## Strengths

Neat and Meticulous  
Money Managers  
Deep Thinkers  
Introspective  
Serious Mind  
Plan Ahead  
Persistent  
Sensitive  
Analytical and Detailed  
Idealistic  
Long-term Memory

## Weaknesses

Obsessive  
Stingy/Cheap  
Silent and Brooding  
Nit-picking  
Depressed  
No Spontaneity  
Won't Give Up  
Easily Hurt  
Progresses Slowly  
Out of Touch  
Unforgiving

# Questions to Ponder

- Why would a melancholic be useful at work?
- Why would a melancholic be useful on a work team?
- Why would it be challenging to have a melancholic at work?
- Why would it be a challenge to have a melancholic on a work team?

# Coping Skills 101: The Melancholic

- ✓ Extremely sensitive.
- ✓ Pessimistic attitude.
- ✓ Appear constantly depressed.
- ✓ Compliment them sincerely.
- ✓ Like it quiet - need solitude.
- ✓ Help with their schedule.
- ✓ Neatness is important.
- ✓ Will “take it” for the team.

# Phlegmatic

## Strengths

Easygoing  
Peaceful  
Appears to Listen  
Smiles and Nods  
Cool, Detached Look  
Consistent  
Adaptable  
Soft, Low Voice  
Fits in Anywhere  
Balanced Thinker  
Seductive Look

## Weaknesses

Lazy  
Boring  
Tunes You Out  
Doesn't Hear You  
Totally Detached  
Stuck in a Rut  
Indecisive  
Mumbles  
Lost in the Crowd  
No Opinion  
Too Tired

# Questions to Ponder

- Why would a phlegmatic be useful at work?
- Why would a phlegmatic be useful on a work team?
- Why would it be challenging to have a phlegmatic at work?
- Why would it be a challenge to have a phlegmatic on a work team?

# Coping Skills 101: The Phlegmatic

- ✓ Need direct motivation.
- ✓ Help them set goals.
- ✓ Unenthusiastic.
- ✓ Use procrastination.
- ✓ Prod for decisions.
- ✓ Will take all blame.
- ✓ Avoid responsibility.
- ✓ Have even dispositions.

Thank  
You

## Enterprise Systems Update

December 16, 2014

Luke Harris, Office of State the Controller  
Amber Young, Office of the State Controller

### Enterprise Systems Update – Cash Management System

- *Module of the DST – Core Banking system*
- *Web Based*
- *NCID*
- *Security functions*
- *April 2016*

## Enterprise Systems Update – Cash Management

- *Current development*
- *Training*
- *Review of legacy system*
- *Proposed new features*
  - *Processing deadlines*
  - *Source of funds*
  - *Weekly projection*
  - *Eliminate beginning of month down time*

3

## Enterprise Systems Update - eCommerce

- *EFT contract – Next Phases*
- *New Master Service Agreement (MSA) for Merchant Cards Processing*
- *Common Payment Service (CPS) update*
- *New Contract for Payment Card Industry (PCI) Services*
- *EMV liability shift - 2015*
- *Updated metrics for eCommerce*

4

## Enterprise Systems Update - eCommerce

- Amendment 1 to the EFT MSA with Bank of America
  - Returns Account Reconciliation and Remuneration Policy
    - Supplement to DST Banking Services Handbook
    - Provides timeframes for funding return accounts
    - States when participant may incur overdraft fees
  - Universal Payment Identification Code (UPIC)
    - Numbers can be used from bank to bank
    - Reduces fraud
  - Electronic Data Interchange (EDI) services

5

## Enterprise Systems Update - eCommerce

- Prepaid Debit Card Services
  - Disbursement by agency made on card
  - Receiver can use card at point of sale or ATM
  - No fees associated with recipient use of cards in most cases

6

## Enterprise Systems Update - eCommerce

- Prepaid Debit Card Services – cont'd
  - Areas of potential use include:
    - Tax refunds
    - Child Support
    - Payroll
    - Student Refunds
    - Athletics per diem
    - Grant payments
    - Student Financial Aid (Title IV)
    - Unbanked

7

## Enterprise Systems Update - eCommerce

### New MSA for Merchant Cards Processing

- SunTrust Merchant Services (First Data) awarded contract December 2014
- New rate per transaction for vendor levied fee - **\$.015**
- Gateway options
  - PayPoint – 10 cent a transaction and no setup fee
  - Global Gateway E4 - \$.0175 per transaction and no setup fee
  - Hosted Recurring Payments – 5 cent a transaction

8

## Enterprise Systems Update - eCommerce

- New MSA for Merchant Cards – cont'd
  - Point of sale system – Clover
    - Cloud based software
    - Tracks inventory and sales
    - Accepts Payments
  - Point to Point Encryption Solution – TransArmor
    - Rate is .0075 per transaction
    - No setup fee
  - Mobile Solution– Mobile Pay
    - \$19.99 plus 4.95 monthly fee per terminal id

9

## Enterprise Systems Update - eCommerce

- New MSA for Merchant Cards – cont'd

Clover Station

Mobile Pay

10

## Enterprise Systems Update - eCommerce

- Common Payment Service (CPS)
  - State's gateway owned by OSC, operated by OITS
  - CPS will be sun setting in 2015
  - CPS participants notified in April 2014.
  - Conversion projects well underway to meet deadline.
  - CPS last day of processing is June 20, 2015 ( no exceptions).

11

## Enterprise Systems Update - eCommerce

- New Contract for Payment Card Industry (PCI) Services
  - Coalfire awarded contract in December 2014
  - New portal (Navis) with logic built in to assist in answering SAQ
  - New portal will have PCI version 3.0 SAQ's
  - Participant will continue to answer appropriate SAQ at the participant level
  - Portal has capability to accommodate SAQ's at the merchant level that will roll up into the participant level
    - Cost at the participant level –OSC
    - Cost at the merchant level – Participant (optional)

## Enterprise Systems Update - eCommerce

- EMV liability shift coming in 2015
  - Chip based card technology
  - Designed to reduce fraud
  - Liability shift October 1, 2015
  - Party that cannot accept chip based cards takes on entire liability of the transaction

13

## Enterprise Systems Update - eCommerce

- EMV liability shift coming in 2015- cont'd
  - Inventory your point of sale machines
  - Some current machines can add peripheral
  - Other devices will need to be replaced
  - EMV devices are available on MSA

 Office of State Budget and Management  
*Balancing Needs - Improving Government*

  
ncIBIS  
INTEGRATED BUDGET INFORMATION SYSTEM

**NC IBIS  
Update**

*OSC Financial Conference  
December 17, 2014*

 **IBIS Update – What we do and where we are**

**IBIS – Integrated Budget Information System**

- IBIS went live July 1, 2013 - Replaced legacy systems with integrated web-based application
- Includes Budget Development, Budget Execution, Program Budgeting and Business Intelligence Reporting
- IBIS is stable and working well, but we still have work to do

## IBIS Update – Where we are going

### **Enhancements:**

- Bulk upload on Budget Revisions (positions tab)
- Bulk upload of Certification data
- Bulk upload of Worksheet II data
- Salary Control improvements
- Improvements to sorting, filtering and defaults
- Improvements to fund and account maintenance

### **Other:**

- Strategic Planning/Program Data
- Various performance improvements
- Minor bug fixes

## IBIS Update – Where we are going

### **Historical Data Migration:**

- Transfer Certification data (back to 1989-91)
- Transfer Budget Revisions (back to 1985-86)
- All Allotment data has been loaded (back to 2003)
- Salary Control detail will not be migrated

### **Reporting Improvements**

- Produce Governor's Recommended Budget for 2015-17 from IBIS
- Historical/trend reporting
- Drill down and drill through reporting

## IBIS Update – Challenges

- Ongoing training
  - Web-based vs. classroom
  - Understanding demand
  - Business & technical
- Browser and other software compatibility
- Balancing enhancements against required changes and system maintenance
- License limitations

Office of State Budget and Management

Brandon Watson, Banking Director

December 16, 2014

North Carolina Department of State Treasurer  
Learn. Invest. Grow. Prosper.

## Core Banking System

### What is Core Banking System?

- Core Banking System or CB\$ functions as the external online banking system for agencies and universities throughout the State.
- Allows users to submit funds transfers (wires), Positive Pay files, and stop pay files. It also allows user to view cleared checks and account activity.
- Activity from Core Banking either feeds into or is fed from our primary banking system, Flexcube.

## Core Banking System

### Why is CB\$ Being Upgraded?

- CB\$ was implemented in June 2003 as part of the Flexcube banking system.
  - Technology is outdated
    - Forms based technology doesn't allow for easy navigation when entering information in screens.
  - No longer being supported by Oracle
    - No maintenance contract in place.
  - Separate reporting tool required in older version
    - Business Objects Reporting tool is a separate application licensed to NCDST.

North Carolina Department of State Treasurer  
*Learn. Invest. Grow. Prosper.*

## Core Banking System

### Project Plan

- Upgrade began in March 2014 with the signing of the contract.
- Functional Specification Document reviews.
  - Outline exactly how we want the system to function
  - Process lasted approximately 3 months (March – May)
- Walk through of customizations. July & August 2014
- Development environment preparation, software delivery and installation. June - September 2014
- Mock data migration and testing. October 2014

North Carolina Department of State Treasurer  
*Learn. Invest. Grow. Prosper.*

## Core Banking System

### Project Plan

- Training on Flexcube UBS (upgraded version) and CB\$ for FOD employees.
  - Completed CB\$ training - November 17-21
  - Flexcube UBS training - December 1-16
- User Acceptance Testing. January – April 2015
- **Training external users on the upgraded CB\$ application.**
  - **Scheduled for April 6 – 17, 2015**
- Run the Flexcube UBS system in parallel with the old system daily.
  - Users will have to do all of their work twice each day.  
April 20-24, 2015
- Go Live! Scheduled for April 27, 2015

North Carolina Department of State Treasurer  
Learn. Invest. Grow. Prosper.

## Core Banking System

### Managing the Process

- Identified particular roles that needed to be filled
  - *Steering Committee* – Responsible for overseeing the project
  - *IT Project Manager* – Primary Project Manager. Coordinates vendor activities and manages the project plan
  - *FOD Project Manager* – Responsible for coordinating activities involving business users, communicating project status, and making sure business user concerns are addressed.
  - *Project Team* – Responsible for accurately defining and testing of their functions and coordinating activities with their teams.
  - *Training Lead* – Responsible for planning and implementing training activities for external users throughout the State.

North Carolina Department of State Treasurer  
Learn. Invest. Grow. Prosper.

## Core Banking System

### Managing the Process

- Communicate project status updates internally
  - Steering Committee meetings bimonthly
  - Weekly status update meeting with the vendor
  - Weekly project team meeting
  - Daily meetings between the vendor and project managers
- Report project status externally
  - Quarterly status updates to Fiscal Research Division and the Office of State Budget Management
  - Messages posted to CB\$ for users and administrators

North Carolina Department of State Treasurer  
Learn. Invest. Grow. Prosper.

## Core Banking System

### Challenges

- Staffing – Vacancies, daily workflow.
- Timing – Daily production work vs. banking upgrade
- Flexibility for the future
  - Potential future enhancements
  - Potential changes to current operations
  - Not wed to “We’ve always done it this way.”
- Attention to Detail – Consider all aspects. This system may be in place 10 more years before it is upgraded.
- Physical Office Move – Minimizing the impact of DST moving to the project plan.

North Carolina Department of State Treasurer  
Learn. Invest. Grow. Prosper.

Thank you!

*Together, we can build and maintain a fiscally strong and prosperous North Carolina.*

**UNC-Chapel Hill ERP  
ConnectCarolina**

*Update for Office of State Controller  
Financial Conference*

*December 16, 2014*

**Connect  
CAROLINA**

**Connect  
CAROLINA**

**What We Did**

- ConnectCarolina is UNC-Chapel Hill's branding of Oracle's PeopleSoft
- Replaced aging, non-integrated legacy applications
  - 1968 – Payroll system
  - 1988 – Financial system
  - 2000 – HR Information System (HRIS)
  - 2006 – EPA Web
- Finance and HR/Payroll go-live October 2014
  - Campus Solutions (student administration) went live in 2009-2010
- Expanded InfoPorte to entire campus
  - Provides reporting and data warehouse capabilities using ConnectCarolina data

Consistent processes, consistent data

Better reporting and data analysis

Reduction in departmental  
("shadow") systems

3

**Payroll**

- Ran 5 Bi-weekly Payrolls
- Ran 2 Monthly Payrolls
- Posted Payrolls to the General Ledger

**Procurement**

- Issued thousands of Purchase Orders
- Paid tens of thousands of invoices

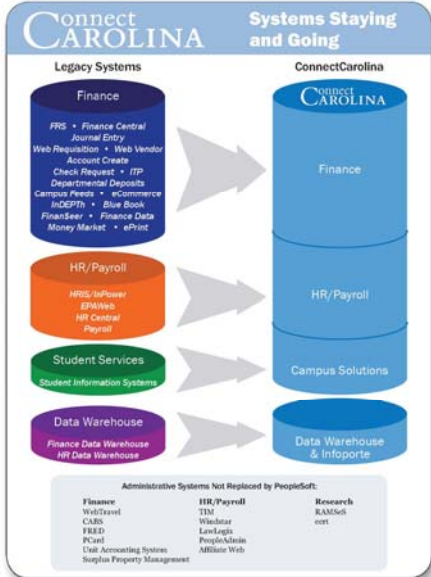

**Accounting Services**

- Processed hundreds of journals
- Running second month-end close now

4

## Replaced Many Finance Systems

**Administrative Systems Not Replaced by PeopleSoft:**

Finance	HR/Payroll	Research
WebTravel	TRE	RAMSDS
CARS	Washbar	est
FRSD	LawLogic	
PKent	PeopleStation	
Unit Accounting System	Allyate Web	
Supplier Property Management		

- FRS Mainframe Application
- Finance Central
- Journal Entry
- Web Requisition (Purchase Requisition)
- Web Vendor
- Account Create
- Check Request
- Information Technology Purchasing
- Departmental Deposits
- Campus Feeds
- eCommerce
- InDEPTH
- Blue Book
- Finan\$eer
- Finance Data Warehouse
- Money Market
- ePrint
- Upgraded to newer version of eProcurement

5

## Engagement

Joint effort by:

**Leadership**

- Sponsors: Provost and VCs for Finance, HR and ITS
- Stakeholders: Key campus and central office administrative leaders

**Campus working groups**

- Appointed by Deans
- Validated, reviewed and tested

**Training & Implementation Partners (TIPs) and Trainers**

- Liaisons to departments across campus
- Campus trainers assisted in Finance training effort

**In-person and computer-based training**

- 6,000 CBT views
- 1,700 individuals at in-person sessions

**Large demos and town halls**

- Important project updates and community interaction

8

**Priorities and Opportunities**

- Stabilize the platform
  - Focus on enabling campus and central administrative offices to be proficient in employing new concepts, new procedures and new systems effectively.
- Leverage ERP capabilities to reduce costs
  - Standardize processes and reduce administrative costs by eliminating customizations and embracing capabilities of the delivered applications wherever possible. Decommission legacy systems.
- Identify additional opportunities
  - Keep up-to-date with emerging technologies (like mobile), provide additional capabilities, and enhance administrative productivity by building on a stable platform.
- Focus going forward
  - Based on priorities set by governance body Enterprise Applications Coordinating Committee (EACC)
