OFFICE OF THE STATE CONTROLLER
OFFICE OF STATE BUDGET AND MANAGEMENT
DEPARTMENT OF REVENUE

STATE OF NORTH CAROLINA

The Honorable James B. Hunt, Jr.
Governor of the State of North Carolina

August 24, 1999

We herewith submit the *Summary of Financial Condition* for the State of North Carolina for the twelve months ended June 30, 1999. The financial information within this report is designed to present the results of financial operations under the budgetary basis of accounting at a summary level.

The *Summary of Financial Condition* is intended to provide specific analysis of revenues and expenditures, and serve to point out particular areas of strength, as well as areas where unusual one-time transactions, changes in accounting, or changes in procedure may result in misleading interpretations by a casual reader.

Please contact us if you have questions or if you would like more detailed information. In this joint effort between the Office of the State Controller, the Office of State Budget and Management, and the Department of Revenue, we are committed to providing you and the State with the most reliable and timely financial and economic information possible.

Sincerely,
Edward Renfrow
State Controller

Bailey Case — State Tax Refunds - State Retirees. State and local government retirees filed a class action suit in 1990 as a result of the repeal of the income tax exemption for state and local government retirement benefits. The original suit was dismissed after the North Carolina Supreme Court ruled in 1991 that the plaintiffs had failed to comply with state law requirements for challenging unconstitutional

taxes and the United States Supreme Court denied review. In 1992, many of the same plaintiffs filed a new lawsuit alleging essentially the same claims, including breach of contract, unconstitutional impairment of contract rights by the State in taxing benefits that were allegedly promised to be tax exempt and violation of several state constitutional provisions. **Patton Case — State Tax Refunds - Federal Retirees.** On June 23, 1995, retired federal employees sued for refund of income taxes paid upon pension income for tax years 1989 through 1993. They alleged that the incremental pension increases granted state retirees since 1989 unconstitutionally discriminate against them. The North Carolina Supreme Court ruled in the Bailey case on Friday, May 8, 1998. On June 9, 1998 representatives of the State and the various retirees involved in the Bailey and Patton cases announced a settlement in the amount of \$799 million. Of this amount, \$400 million is being paid in refunds in fiscal year 1998-99, and \$399 million will be paid in refunds during fiscal year 1999-2000.

Smith v. State – Intangibles tax refunds to non-protesting taxpayers. On March 21, 1996, the U.S. Supreme Court declared North Carolina's intangibles tax unconstitutional. Subsequently, the State made refunds of intangible taxes paid by all persons who had complied with the provisions of G.S. 105-267, Taxes to be paid; suits for recovery of taxes, for obtaining refunds of unconstitutional taxes. The Smith case is an action aimed principally at recovering intangibles tax refunds for taxpayers who failed to comply with the provisions of G.S. 105-267. On December 4, 1998, the Supreme Court ruled that North Carolina will have to pay refunds to non-protesters who paid intangibles taxes. Refunds to non-protesters will total approximately \$239.3 million plus interest of approximately \$120.8 million through June 30, 1999.

Note that the table represents net tax and non-tax collections and not gross collections. When compared to the prior year through June 30, actual tax and non-tax revenues increased by \$1,006.7 million, or 8.6%. The net, or actual, tax and non-tax revenues through June 1999 of \$12,733.8 million were greater than the projected revenues by \$365.0 million, or 3.0%. Through June 1999, \$85.0 million of disproportionate share receipts were collected as non-tax revenue. In addition, an excess of \$19.6 million was collected for disproportionate share receipts for fiscal year 1998-99 and placed in a reserve account. Disproportionate share receipts were reflected as Department of Health and Human Service departmental receipts for fiscal year 1997-98. Disproportionate share receipts are Medicaid payments received by hospitals which serve a disproportionate share of indigent patients. Major components of tax and non-tax revenues that increased from the prior year through the end of June 1999 included:

- \$577.6 million for Individual Income Tax;
- \$152.2 million for Corporate Income Tax; and
- \$120.8 million for Sales and Use Tax.

SUMMARY OF FINANCIAL CONDITION

June 30, 1999

Tax revenues through June 1999 were greater than the period through June 1998 tax revenues by \$872.9 million, or 7.9%. Tax revenues are presented net of refunds to taxpayers and various transfers. Comparisons of current and prior year tax revenues are difficult due to legislative changes and netting of various transfer expenditures against the tax revenue sources. Examples of such transfers include:

- reimbursements to local governments;
- reimbursements for costs of administration of sales and use tax for local governments; and
- transfers to the Public School Building Capital Fund and Critical School Facility Needs Fund.

Non-tax revenue through the end of June 1999 was \$133.8 million or 21.1% greater than through the end of June 1998. As mentioned previously, through June 1999, \$85.0 million of disproportionate share receipts were collected as non-tax revenue. Disproportionate share receipts were reflected as Department of Health and Human Service departmental receipts for fiscal year 1997-98. Disproportionate share receipts are Medicaid payments received by hospitals which serve a disproportionate share of indigent patients.

Expenditures

Actual appropriation expenditures through June 30, 1999, exclusive of appropriation expenditures for capital improvements funded by bond proceeds, were greater than actual appropriation expenditures through June 1998 by \$1,525.9 million, or 13.3%. Of this increase, \$400 million, or 3.5%, represents fiscal year 1998-99 general government expenditures for payments to State and federal retirees (see page 1).

Expenditures for current operations (exclusive of expenditures for capital improvements and debt service) through June 1999 were greater than such expenditures through June 1998 by \$1,435.4 million, or 13.1%. As mentioned above, of this increase, \$400 million, or 3.6% represents fiscal year 1998-99 general government expenditures for payments to State and federal retirees (see page 1). Appropriation expenditures for Environment and Natural Resources increased by \$47.5 million, or 29.9%, primarily because the \$47.4 million of Clean Water funding was appropriated in fiscal year 1998-99. This transaction was handled as a transfer from the General Fund Clean Water reserve in fiscal year 1997-98.

General Obligation Debt - General Fund and Highway Fund

The following schedule presents principal payment requirements for the General Fund and the Highway Fund. This schedule is exclusive of defeased debt involving advance refundings where the proceeds were placed in an irrevocable trust with an escrow agent in an amount sufficient to provide for all future debt service payments on the refunded bonds.

In November 1996, the voters of North Carolina approved bonds in the amount of \$1.8 billion for school construction and \$950 million for highway construction. In November 1998, North Carolina voters approved \$800 million of new debt to finance grants and loans to local government units for water supply systems, wastewater collection systems, wastewater treatment works, and water conservation and water reuse projects; and an additional \$200 million of new debt to finance grants, loans, or other financing to public or private entities for construction of natural gas facilities. The amount of authorized, but unissued bonds was \$2.15 billion as of June 30, 1999.

The first bond issue related to the \$1.8 billion of school construction bonds which were approved in November 1996 was issued on March 1, 1997 in the amount of \$450 million. These bonds were issued at rates ranging from 5.1% to 5.2% with a final maturity of March 1, 2016.

The second bond issue related to the \$1.8 billion of school construction bonds which were approved in November 1996 was issued April 1, 1998 in the amount of \$450 million. These bonds were issued at rates ranging from 4.75% to 5.0% with a final maturity of April 1, 2016.

The third bond issue related to the \$1.8 billion of school construction bonds which were approved in November 1996 was issued April 1, 1999 in the amount of \$450 million. These bonds were issued at rates ranging from 4.5% to 5.0% with a final maturity of April 1, 2018.

The first bond issue related to highway construction was issued on November 1, 1997 in the amount of \$250 million, with rates ranging from 4.5% to 5.00%. The proceeds of this bond issue will be used to pay the capital costs of urban loops, intrastate system projects, and State secondary road projects.

The schedule below includes only bonds issued through June 30, 1999.
