Check Stock Order Information

Because of the low volume of check stock purchased by State agencies, Purchase and Contract (P&C) no longer requires check stock paper to be purchased on state contract. State agencies can purchase check stock independently, as long as the purchase is under their delegation. The original state contract vendor, Relyco, continues to offer NCAS certified check stock at competitive prices. Check stock paper purchased from any vendor other than Relyco must incorporate all security features of the current check stock and be approved by the Office of the State Controller and the Department of the State Treasurer.
